

TELFER OUT AS PRINTER FOR STATE

Sends Resignation to Governor Because of 'Ill Health' Following Charges Made by Discharged Employees

Declares That Johnson's Accusations of Misconduct Undermines Discipline in Office; Retires Under Fire

BY UNITED PRESS.
LEASED WIRE TO TRIBUNE.
SACRAMENTO, Sept. 24.—The
resignation of State Printer Robert
Teifer was handed to Governor
Stephens this afternoon.
In his resignation Teifer gave "ill
health, brought on by continual strife

JOHNSON CHARGES**

Telfer's resignation followed the charges brought by Carleton Johnson, former employee of the state printing office, who was suspended

for "insubordination and inefficiency." Johnson charged that women employed in the "bill room" of the printing office had been given positions because of their ability to "entertain" legislators. The charges included the names of several former members of the legislature.

state civil service board Monday was postponed to October 5, which date was after that set for the hearing of Telfer by the state board of control, September 27. All the "big room" charges against Telfer were to be aired on that date.

Governor Stephens will accept his resignation, he announced.

DECIDES TO RETURN.

**DECIDES TO RESIGNE
AFTER DELIBERATION**

The resignation follows, in part:
"I am taking this step after mature deliberation out of loyalty to the state, to you and your administration. The true friendship and unswerving support which you have always accorded me in my conduct of the state printing office deters me from

placing upon your shoulders the burden of reviewing and acting upon institution so complicated with inspired and vicious malice. RELEASED WIRE TO TRIBUNE.
LONDON, Sept. 24.—Seven persons were killed in the rioting in Turin, says a Rome despatch to the Exchange Telegraph.
A despatch from Turin says that following an attack on Royal guards

troops were ordered out and firing began. The workers chiefly used hand grenades. Coolness of the troops prevented an absolute massacre.

For two hours the industrial districts were the scenes of sanguinary encounters. On one quarter machine guns kept up a lively fire two hours late in the evening order was re-

Two deaths were reported as a result of the fighting in this vicinity, one being a striker. Six strikers were seriously wounded. Machine guns have been posted at all strategic points and both sides are preparing for further trouble.

A referendum among strikers has resulted in rejection of the agreement arrived at in Rome between employers' representatives and the workers in the metal trades, says another despatch.

was found. Mrs. Peete declared the dirt was to be used for flower beds. The last she saw of Denton, she told police here, was when she helped pack a few belongings for him. He left the same day on some business trip. Denton had warned her, she declared, to keep the basement locked, as he had liquor stored there. She said she saw no more of him from about that time.

The first she knew of Denton's death was when newspapermen found her at her rooming house last night. Mrs. Peete has been here about five weeks with her invalid husband.

She said that she packed Denton's grip for him preparatory to his leaving on a supposed business trip about June 8. She said she saw no more of him from about that time.

Mrs. Peete also stated that she and Denton occupied rooms on the same floor of his home, with a guest chamber between their bedrooms. After Denton's disappearance she continued to use his car, she said.

WILL LEFT NEARLY ALL TO DAUGHTER

So far as any will was concerned, Mrs. Peete stated that Denton made his will just before she met him in May, and that it left practically everything to his daughter, Frances Denton, of Phoenix, Ariz.

"I have bought my ticket for Los Angeles and am going there Saturday," Mrs. Peete concluded.

Mrs. Peete went voluntarily to police headquarters here today when she heard that her name was mentioned in connection with the mystery and told her story to the police.

Mrs. Peete said Denton gave her the house free from rent on the condition that she was to take care of it, show prospective buyers through it, and make a sale. Denton offered her all over \$25,000 she received for his home, in case she said it, she declared. Those were the only "business arrangements" she had with him, Mrs. Peete stated.

An attractive Spanish woman came on to Denton's home, Mrs. Peete said, on learning that Los Angeles police were hunting for a Spanish girl.

This woman had a key to the house and came there frequently," Mrs. Peete declared. "I felt uneasy, for during my absence from the house on several occasions I found evidence that some one had been there while I was away."

"There was a door to the basement that had been nailed up," Mrs. Peete said. "This Spanish woman told me not to open it, as Mr. Denton had some whisky in there and advised me to stay out of the basement."

Her acquaintance with Denton lasted only from the middle of May until about June 9, Mrs. Peete asserted. The last she heard of him, she told police and newspapermen, was when he called her from San Francisco on July 4.

NEW YORK, Sept. 24.—"Babe" Ruth made another home run in his fifty-first in the first inning of the second game with Washington. The ball went into deep right field bleachers. Shave of Washington was pitching against him. He made his half-century total of home runs drives in the first game today with Arizona pitching.

FIRE RUINS LIQUOR

SAN JOSE, Sept. 24.—Several barrels of wine and a large number of bottles of cognac were destroyed with a burn at 157 Grant street last night. The property belonged to Frank Viper, former proprietor of the Montebello. The origin of the fire is unknown. The backing of a dog awakened the owner to discover that the building was a mass of flames.

Oakland's Public Property Is Worth More Than \$20,000,000

Oakland has more than \$20,000,000 invested in public property, according to the thirty-first annual report of the auditor, tendered to the City Council today.

Buildings, structures and improvements are estimated at \$9,620,366.98, lands at \$14,965,417.59, and equipment at \$1,255,250.90.

The general revenues of the city are tabulated at \$1,450,697.13, and the general expenses at \$3,074,697.02.

The general surplus, including moneys derived from all sources and from last year's surplus, is \$1,865,932.75.

The Auditor includes a report of the assessed valuation of the city of Oakland for every year since 1880, with the tax levy. By decades, the following shows the growth of Oakland and the sudden growth of the tax levy:

Year	Valuation	Tax Rate
1880	\$2,681,610	\$1.15
1890	\$5,150,000	1.07
1900	\$4,224,188	1.17
1910	\$12,745,050	1.39
1919-20	\$16,645,090	2.44

10,000 Reds Taken by Wrangel; Alexandrovsk Lost by Soviet

BY UNITED PRESS.
LEASD WIRE TO TRIBUNE.

LONDON, Sept. 24.—A communiqué from General Wrangel's forces in the Crimea region today claimed 10,000 prisoners had been taken in six days of offensive fighting.

The twenty-third soviet division surrendered, the statement said.

A Moscow wireless admitted Wrangel had occupied Alexandrovsk.

REDS BEATEN ON CRIMEAN FRONT

BY INTERNATIONAL NEWS SERVICE.
LEASD WIRE TO TRIBUNE.

PARIS, Sept. 24.—The Soviet troops on the Crimean front have been driven from Alexandrovsk, 140 miles northeast of Odessa, and have been flung back across the Dniester river to the western bank. It is admitted in a Soviet war office communiqué wireless from Moscow today. The communiqué says: "We have lost Alexandrovsk on the Crimean front after a violent battle. We now occupy positions on the western bank of the Dniester river."

"On the Polish front a battle rages in the sectors of Volokysk, Prusany and Volotsk. The enemy has been driven back."

JOFFE PROPOSES AN ARMISTICE

MOSCOW, Sept. 24 (By the Associated Press).—Adolph Joffe, head of the soviet peace delegation, at today's session of the Russian-Polish peace conference proposed an armistice, which, he said, must be accepted by the Poles within ten days or the Russian winter campaign would be inaugurated, which Joffe declared the soviet government desired to avoid.

M. Joffe preceded his proposal by offering to withdraw most of the fifteen peace points submitted at Minsk to which the Poles objected.

The Soviet armistice terms, which M. Joffe said the Soviet central executive committee in Moscow decided upon yesterday, eliminate virtually all conditions designed to sovietize Poland and abandon the Russian claims regarding Galicia. M. Joffe's proposals make the prospect of peace much brighter than hitherto.

Wheat Slumps Over Twelve Cents Bushel; Corn, Oats Follow

BY ASSOCIATED PRESS.
LEASD WIRE TO TRIBUNE.

CHICAGO, Sept. 24.—Big cuts in the price of wheat took place today, largely as a result of agitation for a general cut in food cost. The smash of values in wheat amounted to as much as 12 cents a bushel, and the market closed in a semi-demoralized condition. December deliveries at \$2.25 to \$2.25 1/2, and March \$2.15 to \$2.15 1/2.

Advancing, despite setbacks in the price of other grain. The chief reason ascribed for such strength was a lack of wheat for export to Europe. Today, however, the surplus of export business appeared to have lost its influence, and especially near the end of the day the wheat market tumbled wildly downward.

In sympathy with the weakness of wheat, other grain markets also gave way, and both corn and oats fell to the lowest price levels yet for the 1920 crop.

CLEVELAND, O., Sept. 24.—A price reduction of 15 to 30 percent in woods was announced today by officials of the Cleveland Worsted Mills Company. George H. Hogeson, vice-president of the company, in announcing the reduction, said the cause.

St. Louis May Get Next G. A. R. Meet

INDIANAPOLIS, Sept. 24.—St. Louis probably will get the next encampment of the Grand Army of the Republic. Hill of Columbus, Ohio, as commander-in-chief.

Burglars Take \$75 and \$50 War Bond

SAN LEANDRO, Sept. 24.—Burglars who yesterday afternoon entered the home of J. V. Bettencourt, 762 Joaquin avenue, took \$75 in cash and a liberty bond and a gold watch chain. The cash included \$70 in bills and \$5 in silver. A window had been pried open. Bettencourt was away.

MRS. SPRECKELS ASKS BARRETT'S EXTRADITION

(Continued from Page 1)

a mistake" and that the whole affair will be straightened out as soon as his London solicitor can investigate. Barrett is visiting friends in a Los Angeles suburb. He visited the district attorney yesterday and spent the night in a downtown hotel where a detective occupied the same room. Later he parted company with the detective, and it was announced that he was never under arrest.

"There is nothing relevant in my connection with Mrs. Spreckels and her jewels, and I am sure that I will be cleared of implication," he said today in Los Angeles.

In London, Mrs. Spreckels, who is to sail for home tomorrow on the Kaiserin Augusta Victoria, makes the charge direct that Barrett has taken her necklace. She says that she gave the jewels to his keeping, trusting him to insure them for her, but that he suddenly left England without returning the gem or making an explanation.

ACCUSED TO FACE OTHER TROUBLES

Other troubles are said to face Barrett in London, where bankruptcy proceedings have been filed against him. They allege he owes more than \$50,000 and accuse him, among other things, of stripping his apartment of valuable furniture worth in the neighborhood of \$15,000.

Mrs. Spreckels is understood to have met Barrett in Seattle eight years ago, and that when she met him again a short time ago in Europe he offered to introduce her to his friends. Mrs. Spreckels' secretary said today in London that her employer requested Barrett to attend to some dealings for her with jewelers, and gave him the necklace which she wanted cleaned and re-strung. Time elapsed, but Barrett avoided discussion of the whereabouts of the necklace, the secretary said, and eventually left London. His continued silence determined Mrs. Spreckels to inaugurate proceedings which resulted in the issuance of the police court warrant on September 17.

BARRETT HUSBAND OF ALICE DREXEL

Barrett is the husband of Alice Gordon Drexel, grand-daughter of Anthony Drexel of Philadelphia, who left a fortune of \$3,000,000. He is said to have left his wife at Nice two months after the birth of a daughter. He denies reports that he and his wife were separated, and says that he has called her to come to Los Angeles, and that he adopted aliases of Latham and Gordon to avoid newspapermen.

Barrett registered at one of the most fashionable Los Angeles hotels as Basil Gordon, and, according to a hotel official, boasted of an estate at Monte Carlo, and said he was an intimate friend of the Shah of Persia. His stay at the hotel was cut short when hotel officials pressed him for payment of his bill.

U. S. Sues Miller Estate for \$1,700,145

SAN FRANCISCO, Sept. 24.—The United States government, through Frank M. Silva, United States district attorney, today filed suit against the Henry Miller estate. Nellie Nickel and J. Leroy Nickel for the payment of \$1,700,145.95, said to be unpaid inheritance taxes, interest and penalties.

The Nickels are trustees and executors of the Miller estate, which is said to include 119,571 shares of capital stock of the Miller & Lux interests, alleged to be worth almost \$600,000. In January, 1913, the government assessed a tax of \$2,144,405 against the estate and in October of the same year Nickel paid \$2,500,000 and filed suit to have the remainder cancelled. This suit is pending.

AMERICAN GIRL IN THICK OF TURKEY, ARMENIA BATTLE

NEW YORK, Sept. 24.—Miss
Edith Cold of West New Brighton,
Staten Island, N. Y., tells in a letter
to the Near East Relief the story of
how she carried the white flag be-
tween fighting Turks and Armeni-
ans at Hadjin in an effort to save
Armenian orphans under her care.

Miss Cold's letter came from
Tahia, Turkey, in the heart of Mus-
tapha Kemal's country, and was
brought out by her co-worker, Miss
Alice Clark of Evanston, Ill.

CARRIED WHITE FLAG
"The Chetes (Turkish tribesmen),
descended on the compound on the
outskirts of Hadjin on April 5,"
Miss Cold wrote. "The compound
where the American flag was fly-
ing and where no shot was fired
became the object of a fierce at-
tack."

"After that for ten weeks we
lived as the guests of the Chetes. It
was not life. We worked ceaseless-
ly at the task of making fields
with those encamped about our
walls. We served them in every
conceivable way, especially with
medical aid. Two lads died from
fright and three were wounded."

"The Turks had their defenses
close to the compound between us
and the city and occupied the clinic
building outside the gate and always
fired from it. The compound was
always under fire from Hadjin."

Hardly a day passed that we did
not have callers from among the
leaders of the Chetes.

"Twice Mr. Eby and I had per-
mission from them to go to Hadjin.
Each time they proclaimed an arm-
istice and we carried the white flag.
The first time was at the end of
three weeks of siege and the other
five weeks later."

Miss Cold wrote that the Armeni-
ans from Hadjin finally captured
the compound from the Turks but
were driven out of it and most of
the 300 inmates of the compound
were sent with the Armenians to
Hadjin.

"We six Americans and our two
Turkish girls took refuge in a dark
store room," Miss Cold added. When
the Chetes again recovered the
compound they looted and set fire
to it. Miss Cold and the other
Americans were hurried away by
the Turks to a mountain retreat.

where for two nights they were
guests in the commander's tent and
then were given an escort to Tahia.
The fate of the Armenian chil-
dren in Hadjin was unknown to
Miss Cold but she feared that all
had perished.

Congressman Elston Will Address Women

Congressman J. A. Elston will be

The women's headquarters will be
opened daily from 2 a. m. under the
direction of Mrs. B. C. Eddy, county
chairman. Republican women are
organizing an intensive coun-
ty-wide campaign between now and the
November election. The business
session on Monday will discuss these
plans.

The Duffys are fond of babies,
but they have their hands full now
caring for seven of their own, all
under ten years of age. They re-
luctantly surrendered the deserted
child to authorities.

JAPAN BUILDS OIL CARRYING LINERS

TOKYO, Sept. 24.—There is no hope,
it is said, for Japan at present to be-
come self-supporting in the matter
of oil supplies and the naval authori-
ties have ordered several tankers
are to carry oil imported for the Ja-
nese navy.

While the demand for oil steadily
increases the output in the country
tends to decrease. The present out-
put of raw oil is only about 220,000
tons a year. The heavy oil consumed
by the navy amounts to about 100,000
tons a year, and assuming that
40 percent of heavy oil can be made
out of a ton of raw oil, the naval de-
mand can be more than sufficiently
met by domestic production. But he-
sides the requirements of the navy
there is a vast general demand to be
met. When the eight battleship and
eight battle cruiser squadron pro-
gram is completed in 1927, it is es-
timated that the demand of the navy
will amount to at least 700,000 tons,
whereas there seems no hope of an
increase in the output of oil in this
country.

The authorities have for some time
been engaged in the investigation of
oil fields in Saghalien and in other
places, but no satisfactory results
have been obtained. The oil
fields at Kosenho and Nairyo in For-
mosa have been worked somewhat,
but the field at Nairyo is entirely dis-
appointing; the result of the working
of the Kosenho field will not be
known for two or three months, but
satisfactory results are not expected.

The oil tankers ordered will have
a displacement of 11,000 tons each
and will carry 2000 tons of oil.

Richmond Harbor Bonds Is Subject

RICHMOND, Sept. 24.—Speaking
upon practically every issue that con-
fronts California voters as a prob-
lem, Samuel Shorrbridge, candidate
for United States senator on the Re-
publican ticket, interested citizens
who gathered at Lincoln Auditorium
last night to greet him.

The gathering followed a banquet
given at the Richmond club house, at
which time he spoke for the harbor
bonds to the Merchants Association.
At the banquet meeting he empha-
sized the question of Americanism,
and brought into the discussion on
that subject the problem of the
League of Nations, as well as that of
Asiatic exclusion.

of the Southern Building in New

the same position.

WOMAN VICTIM OF DEATH LEAP, FROM SAN JOSE

SAN JOSE, Sept. 24.—Many friends
here were shocked by the tragic
death in San Francisco yesterday of
Mrs. William G. Jones, wife of an
employee of the San Jose postoffice,
who leaped to her death from the
eleventh floor of the Flood building.

Mrs. Jones, who was accompanied to
San Francisco by her husband and
brother-in-law, T. M. Donnelly, had
received medical treatment a few
minutes before in the office of a
physician in the building. She had
left the office with her husband and
made an excuse to return. The next
moment she leaped through a win-
dow into the light well of the build-
ing. She had been suffering from a
nervous disorder for some time.

Mrs. Jones was born in this city
and was a graduate of the San Jose
state normal school and taught school
for a number of years prior to her
marriage 18 years ago. She was a
member of the Ladies' branch of the
Macabees and was interested in
civil work.

STREET SHOWERS DELIGHT N.Y. KIDS

NEW YORK, Sept. 21.—It is a good thing these are not school days or else a large part of New York's population of street urchins would be tempted to play hooky to enjoy the good time the city is giving them.

The mayor's committee on recreation and playgrounds, with the cooperation of Vice Chief Kemper, has converted the crowded tenement districts of the city into a living picture of the days of real sport—swimming holes, n' everything.

The city authorities have responded gallantly to the dirty-faced little fellows who need a friend. On recommendation of the committee a large number of streets extending throughout the congested sections of the city have been roped off for several hours each day in order that the youngsters of various nationalities might play unhindered by traffic.

Chief Kemper contributed his share by devising a scheme for providing free shower baths for the children.

A huge sprinkler, stretching clear across Jacob street was erected under the supervision of the chief. But when the water was turned on in the torrents it presented at first sight

Election of New President Will Help Guatemala, Claim

KANSAS CITY, Mo., Sept. 24.—The understanding between the United States and the republics of Central and South America. The most crying need is for improved mail service. United States mail is very uncertain in South America. Steamship companies have fulfilled their contracts when the mail has been unloaded on the wharf and distribution is left largely to chance. Improved consular service and better shipping facilities from the United States to South America are greatly needed.

"American commercial interests need salesmen educated in the language and customs of the people. South Americans prefer our manufactures, but their difficulty is to get satisfactory service. Great numbers of our people are under way in Bolivia who will open up the headwaters of the Amazon, Paraguay and other parts of central South America. These will be financed partly by citizens of the United States, but their progress is temporarily checked by internal disorders in Bolivia."

DISCOVERED RIVER
It is a follow of the Royal Geographic Society of London and a noted South American explorer. In his explorations he discovered the Rio Madre de Dios and opened up valuable rubber forests in Bolivia and Brazil. A river which forms part of the boundary between Bolivia and Peru is named for Dr. Heath.

SCHOOL CLUBS TO STUDY POLITICS

Organization of college and normal school girls students throughout the West into clubs for the study of their obligations and duties as citizens will be launched next Monday by Mrs. Harry A. Kluegel, until yesterday Pacific Division Director for the Junior Red Cross.

Mrs. Kluegel yesterday resigned her Red Cross post, to take up the form of forming clubs of Republican girls and women in every prominent educational institution in the West. The initial meeting has been called at the University of California next Monday when Mrs. Kluegel, who was one of the California pilgrims to Senator Warren G. Harding's front porch, will discuss the meeting of the delegation with the Republican nomination.

STATE DIRECTORS
From Berkeley, she will proceed to Southern California, Nevada and Arizona, and then turn northward to Washington and Oregon. In each State, a director will be selected to supervise the various clubs.

The organization, as outlined by Mrs. Kluegel, will provide for a chain of permanent clubs, devoted not only to the present campaign, but to a serious educational system of study.

STUDY CAMPAIGN
The collegians and normal school members will take up serious study of their duties as citizens, as well as a historical study of the Republican party and the platform on which it is going before the electors this year. Students will be trained in platform

Twenty Thousand to March in American Legion Ranks

BY ASSOCIATED PRESS

CLEVELAND, O., Sept. 24.—Indications today were that the largest crowd that ever visited Cleveland will be here for the parade of the American Legion, which will be held Monday afternoon, the opening day of the three-day convention. The parade will typify the spirit of the legion and the spirit with which the United States went into the war. Franklin D. Oller, national commander, declared, "Major Fitzgerald has proclaimed a half holiday during the parade. Approximately 20,000 men and women are expected to march."

Messages of greeting were received today from Senator Warren G. Harding, Republican presidential candidate; Governor James M. Cox, Democratic presidential candidate; Secretary of War Baker and Secretary of the Navy Daniels. After welcoming the legion to Ohio, Governor Cox's message said: "It is my hope that every request and recommendation made and to be made by your body will receive the serious consideration of all parties interested. Nothing speaking, and give clubs will be organized to sing campaign songs. Arrangements are being made in the various educational institutions in the western district for addresses by Mrs. Kluegel to the women students on the significance of Senator Warren G. Harding's front porch campaign, and on the personality of the Senator and Mrs. Harding, as well as on the leading issues of the campaign."

would please me more than to see our government and our people forget the great service rendered by your members in the successful world struggle in behalf of civilization. I hope the activities of your organization will assist in keeping fresh in the minds of our people the duty and obligation our country owes to those who served in time of need.

"I sincerely trust that our organization will continue to maintain and strive for high ideals and that it will live, grow and flourish and serve as a guide and inspiration to our future generations."

Senator Harding expressed re-

gret at being unable to be here and continued: "Our soldiers, sailors and marines fought not as Republicans, but as citizens for the preservation of American rights and perpetuation of American ideals. Adhering to the non-partisan spirit of co-operation shown by all Americans during the war, the American Legion happily has expressed the determination to remain free from party politics. You cast your ballots not collectively but as individuals, but your service with the colors has made you even more conscious of the necessity for preservation of our nationality. To the spirit of the American Legion America now looks for leadership in maintaining the rights and ideals for which you fought."

ARIZONA CENSUS GAIN
WASHINGTON, Sept. 24.—The census bureau today announced the following 1920 population results: Coconino county, Arizona, 1922; increase since 1910, 155%.

JUDGE NULLIFIES BOOZE ORDINANCE

SANTA CRUZ, Cal., Sept. 24.—Prohibition violators can be prosecuted only by the federal government, Judge B. K. Knight of the Superior Court ruled yesterday in ordering the release on a writ of habeas corpus of L'go Gion, who was arrested for alleged liquor selling in violation of a county ordinance.

Judge Knight said the ordinance nullified the county ordinance and until new legislation is effected by the state or county all violations of constitutional prohibition must be prosecuted under Federal law.

Burglar Ransacks House, Takes Silver

When Mrs. Florence J. Locke, 655 Walworth avenue, returned home yesterday after an absence of three months, she discovered that burglars had ransacked her home and took silverware, linen and many articles of clothing. When Mrs. Locke left home she left a servant in charge. He was not to be found when she returned. The police are now looking for him.

Health Board Probes Water Contamination

As the result of an investigation by the Oakland Board of Health and the Department of Streets, the State Board of Health and the Bureau of Engineers are making a survey of the purity of the water of Lake Temescal. There is no present danger to water users, according to Dr. Smith.

Gems of German, Russian Ex-Rulers In Swiss Vaults

(By Associated Press.)
BERNE, Switzerland, Sept. 24.—It was stated on reliable authority today that the jewels belonging to the Romanoffs, Hapsburgs and Hohenzollerns deposited for safety with Swiss banks and private firms are worth \$7,000,000 pounds sterling, while the jewels sold or pawned in Switzerland since 1911 by those families amounted to double this sum.

The assistant floor directors will be Joseph A. Mullin, Clifford Holty, Harry Lane, George Nolan, Leo Hoppold, G. F. Fenelon, James C. Wain and Dan J. Mullins.

Athletic Club Will Hold Dance Tonight

Plans are complete for the informal benefit dance of the St. Joseph's Athletic club in Maple hall, Webster and Fourteenth streets, tonight. Supervisor John F. Mullins has been named as floor director and Miss Catherine A. Mullins as chairman of the evening.

The reception committee includes: Misses Alice Hoppold, Lavina Morrow, Amy Nelson, Rosalie Brady, Viola Fenelon, Carolyn Reis May A. Mahetti, Eva M. Kelleher, Helen Goodman, Hazel Morrow, Elizabeth March, Margaret Meahan, Catharine P. Sullivan, Mae H. Flynn, Libbie Mullins, Irene and Bessie Duddy, Lillian Blum, Nellie Stone, Ethel Williams and Florence Cox.

The assistant floor directors will be Joseph A. Mullin, Clifford Holty, Harry Lane, George Nolan, Leo Hoppold, G. F. Fenelon, James C. Wain and Dan J. Mullins.

PLANT REMOVAL FROM HAYWARD TO S. J. FOUGHT

HAYWARD, Sept. 24.—Members of the Hayward Chamber of Commerce were deeply stirred today when they received word from San Jose that the Berger & Carter company, manufacturers of canning machinery, was being removed from Hayward to San Jose.

President Frank of the Chamber of Commerce said today that a meeting of the members of the Chamber would be called immediately to take up the matter with the company.

It is understood that officials of the company have held a meeting with the officials of the San Jose Chamber of Commerce and that a fairly definite agreement has already been reached.

The Hayward plant employs 125 men. They propose a reorganization by which they will be known as the Berger, Fleming & Brown company, and to build an enlarged plant that will employ 250 men.

Edward Brown, treasurer of the firm, which has its office in San Francisco, today confirmed the report that the company was seriously considering the removal of their plant to San Jose. He said that the question would probably be settled definitely Monday when officials of the company will attend a luncheon of the industrial department of the San Jose Chamber of Commerce.

The company plans to expand its factory considerably, according to Brown, in order to handle the manufacture of a new dehydrating machine for which it recently purchased patent rights for \$20,000.

The going of the factory to San Jose hinges upon the question of a guarantee of sufficient transportation and storage facilities.

COX DEFINES HIS VIEWS ON NATION LEAGUE

LAS VEGAS, N. M., Sept. 24.—Touching upon Mexican questions for the first time, Governor Cox said he was not sure that Mexico "would want to enter Senator Harding's proposed international association of the United States, Russia and Turkey, the only other nations of size outside the league."

"Things have been improving recently down there," Cox said. In anticipation of a reported effort by Elihu Root to have Senator Harding stand for the league with reservations, Cox declared that issue is now clear.

"Senator Johnson," said Cox, "states that Senator Harding proposes to scrap the league. I favor going in with reservations that reassure, clarify and protect every American interest and which do not emasculate the covenant. My election means the league with America in it, and defeat of Cox of Ohio means that the people are not in favor of going in."

EN ROUTE WITH GOVERNOR COX, Trinidad, Colo., Sept. 24.—Eighteen supposedly Democratic newspapers in the State of Arizona, Governor James M. Cox charged today, have been purchased with the funds of the Republican committee, and he believes similar operations on a larger scale are being carried out in a number of Western and North-western States. Nevertheless, the Governor entered Colorado today, eastward bound, convinced that he will carry a majority of these States.

The Governor charged that personal representatives of Will H. Hays, chairman of the Republican National committee, have preceded him for weeks, calling upon editors in cities where the Governor was to speak and endeavoring to persuade them to print as little as possible concerning the Governor's meetings and to misrepresent the impression he makes.

"All through Oregon, Washington and California," the Governor said, "I have encountered the same phenomena, newspapers printing a series of questions just as I arrive in their city, questions all bearing the same marks and all designed to before the ears of the public."

The Governor spent an hour in Trinidad this morning and addressed an audience that was large, considering the earliness of the hour.

PAGEANT TO AID BABY HOSPITAL

Tickets were placed on sale yesterday for the Oriental and Spanish pageant, "The Merry Whirl of 1920," to be given on the evening of September 30 and October 1 and 2 for the benefit of the Baby Hospital association of Alameda county.

According to Miss Lila Stewart, who is directing the pageant, it is expected that the great gallery of the auditorium will be filled to capacity each time the colorful story is portrayed, due to its universal appeal and the half thousand participants from the most representative circles in the city.

In charge of the sale of tickets are: Mrs. Charles W. Merrill, chairman; Mrs. Charles J. Rosenberg, chairman of boxes; Mrs. Giles A. Easton, Mrs. Lulu R. Webster, Mrs. George Moore, Arthur D. King, A. Leslie Oliver, Miss Margaret Leach.

Shortridge Plurality in Primary 22,896

SACRAMENTO, Sept. 24.—The vote for Samuel Shortridge exceeded that of William McKnight by 22,896 in the race for the Republican nomination for United States Senator. This announcement by Secretary of State Frank C. Jordan was based on the complete State count, but was subject to final re-check. The vote for Senator McKnight was 122,165; Kent, 110,269; A. J. Wallace, 64,711; Democratic—James D. Phelan, 75,613; Socialist—Mrs. Elvina Beals, 3608.

Argonne Post to Entertain Veterans

Four hundred wounded and gassed veterans of the great war, all students undertaking vocational training under the federal vocational board, will be the guests of Argonne post, No. 235, at the American Legion Mardi Gras celebration, which that organization will hold at Idora park on Sunday, October 3.

The invitation includes all the wounded students, regardless of whether or not they are members of the American Legion and similar courtesies will be extended by Argonne post to all former service men when the downtown club rooms are opened. The Mardi Gras is being held to provide funds for this club.

Red Cross Shop to Have Hat Display

Hats for summer and winter, for street and school, for young and old will be offered at the Junior Red Cross Shop in a special between season bargain sale beginning Monday. One hundred chapeaux will be shown, the total proceeds to go to the maintenance of the dental clinic for the school children of the city. If any one has some extra hats around the house, a telephone message to the Junior Red Cross Shop will bring a machine to gather them up to help swell the dental clinic funds. Any worn garments, underwear, shoes, bric-a-brac, will help along as much as the hats. A rare antique silver-plated tray is a special offering today.

GROUND WATER IN IDAHO MENACES

BURLEY, Idaho, Sept. 24. -- Recent measurements of wells over the south side Minidoka project reveal the fact that the level of the ground water is still rising, and has already reached dangerously near the surface in many places.

A feature of the measurements made during 1919 and 1920 is the way in which the amount of water used for irrigation is shown to affect the rise of ground water. In 1915 the ground water was about 20 feet below the surface, and it was thought probable that it had reached its level, but the rise this year shows that a shortage of water for irrigation purposes was the cause of the ground water remaining stationary.

In 1919. It shows the relationship between the use of water and the rise of the ground water, and is considered an argument against the use of excessive water for irrigation on this project.

The rise in the level of the ground water is shown by a comparison of measurements for September last year at different places and this year on the project. In 1919 the average depth that ground water was to be found from the surface of wells was about 25 feet as compared to 15 feet this year. These figures seem to indicate that drainage may become necessary on this tract, as they are typical of the conditions over the whole area.

SLAMS OUT MORALS.
COLUMBUS, Ohio, Sept. 24. -- "Morals in America are on the bar-bain counter," declared Rev. Daniel F. Fierhouse in a sermon to his flock. He appealed to them to go back to "old time religion and responsibility."

Other pastors of churches here are uniting in condemning laxity of present day morals.

One of the many families waiting at the gateway to America, Ellis Island, for admittance into the United States. Within a brief period of seven days, 37,000 foreigners will have set foot at Ellis Island eager to start life in America. Every liner arriving at the port of New York swells the immigrant list. Thousands are due to arrive in the next few days. The tide of immigration has reached the high marks of the days before the war. --Copyright Underwood & Underwood, New York.

Morocco Grows Rich, Two Americans Find

PARIS, Sept. 24. -- Two American Red Cross officers, Captains Robert S. Doman of Day City, Mich., and Merle LaVoy of Seattle, Wash., who have returned to Paris after an official tour of Northern Africa, give some interesting figures to indicate that Morocco is rapidly gaining in economic importance. From a wild, unproductive country, peopled largely by Arab tribes, in 1912, Morocco has developed in the past seven years into what promises to become a thriving modern commercial and industrial nation doing business on a large scale in all the markets of the world.

Indian War Mothers' Organization Forms

BISMARCK, N. D., Sept. 24. -- The first chapter of Indian War Mothers has been organized at Standing Rock as a part of the American War Mothers. This was the result of a plan formulated by Mrs. Alice French, national war mother, on her recent visit to Bismarck and carried out by the women of the Bismarck chapter of the organization.

One hundred and eighteen young Indian braves enlisted in the United States army at the outbreak of the war from the Standing Rock and Fort Yates districts. They went overseas and several distinguished themselves for bravery in the Argonne fighting.

102-Year-Old Man Asks for Guardian

WABASH, Ind., Sept. 24. -- Few persons who reach the advanced age of 102 years care whether they have a guardian to take care of them and their money. John "Uncle Jack" Higgins, however, is not one of the few and he will tell Judge Hunter on when the suit asking that a guardian be appointed is called.

The application for guardianship papers was filed in circuit court by Alvah Taylor, a local attorney, 81 years old, and veteran of the Civil War, who says that "Uncle Jack" Higgins, who is said to be the oldest man in the state, is infirm and unable to take care of his estate, and asks that he be appointed his guardian, so that additional pension can be secured for the elderly man. Mr. Higgins passed his 102d birthday on July 18, coming here from a Marian branch of the national military home to celebrate the day. At that time he said he expected to live for twenty years yet, and then would be ready to go.

Thanksgiving Day Proposed in Brazil

RIO DE JANEIRO, Sept. 24. -- The proposal to institute an annual Thanksgiving Day in Brazil, as provided for in a measure now before the National Senate, has resulted in many lively discussions in that body and continues to do so. The measure names December 25 as Thanksgiving Day, but an amendment has been suggested making the date the first Sunday in January. The bill was originally suggested by a Catholic archbishop. On first reading, it was nominally approved by the Senate.

Arguing that the constitution expressly prohibited recognition of or special favors to any one creed, the objectors insist that the measure would violate the Catholic church, that its passing into law would in some degree give recognition to the church, and that the date proposed as a national festival was essentially of a religious significance.

Maud From Missou' On Army's Payroll

SAN ANTONIO, Texas, Sept. 24. (by the United Press.) -- The army mule is making a come-back. Drafted mules are being taken in the southern department of the United States army, headquarters at San Antonio, for the restoration of the old methods of transportation used before the war emergency, according to Colonel A. E. Sexton, adjutant. Cutting down expenses and inability to get parts for some of the automobiles at the camp are given as the reasons for the revival of the mule.

Colonel Sexton is expecting the horse and mule drawn wagons to be used for routine work while leaving the motor driven vehicles for quick transportation.

State Grocery Bill Lower, Bids Show

SACRAMENTO, Sept. 24. -- Decline during the last three months of from 10 to 15 per cent in prices of

groceries and produce, is noted by State Purchasing Agent W. G. McMillin in bids opened today for supplying state institutions.

The greatest decrease, McMillin said, were in prices of flour and potatoes. Three months ago the

state paid \$4.25 a hundred for potatoes, while the bid for the next period supply is \$2. Flour last purchased by the state cost \$12.50 a barrel, while today's bid was \$10.50. Beef, mutton and tea have increased.

Cry on Geraldine's Shoulder
If you have a tear to shed, a laugh to share or a view to air, write to Geraldine. She and her shoulder BELONG TO YOU. Letters will be answered through this column. If you desire a private answer, enclose a stamped and addressed envelope.

Say, Friends, whadda you do when you don't know how to answer a letter? I used to sit and chew my pen. But you can't very well chew a typewriter, not with dental work at its present price, so I'm outta luck. At any rate, here's the letter and if it doesn't make a good percentage of us stop and think it's because there's something the matter with our thyroid glands or we have some other of these modern ailments.

Dear Geraldine:
I am a girl of fourteen yet I can't go out alone as much as a girl of six. Only a short time ago was invited to a peachy costume ball and mamma wouldn't let me go because there were going to be boys at it and that was the best part about it. I told her she was very old fashioned and stingy and she beat me and wouldn't give me any supper. Sometimes I get so

Have Beauty Without Effort

Let Stuart's Calcium Wafers Do the Work to Rid Your Face of Pimples and Such Blemishes.

Instead of those futile efforts of steaming the face, massage, creams, lotions, etc., that have brought only disappointment, suppose you leave it to the wonderful action of calcium. There is but one way to remove pimples, blackheads, and such blemishes—through the blood and skin. In Stuart's Calcium Wafers, taken at meals, the wonderful calcium enters the blood with one of the most remarkable actions known to science. This is its activity in keeping firm the tiny fibres that compose even such minute muscles as those which control the slightest change of expression. It is this substance which acts upon the skin, keeps it healthy and drives away impurities. It is a 60-cent box of Stuart's Calcium Wafers at any drug store.—Advertisement.

Suggestions For the Self-Manicurist

Ever since the idea of home manicuring began to take hold in the minds of the American people, The Owl Drug Company has been tirelessly aggressive in an effort to supply the necessary tools and preparations as they have been brought to public attention through national advertising. The prices quoted in Owl Drug Stores are very unimpressive evidence that cost of self-manicuring is a trifling matter compared to the results obtained.

Hotel Waiter Wins Suit Over \$1000 Tip

SAN FRANCISCO, Sept. 24.—Henri Gossel, waiter at the Fairmont hotel, gets his \$1000 tip after all.

Fred A. Warner, young Los Angeles capitalist, who passed out a \$1000 bribe to a hotel waiter during a gay party at the hotel last November, has dismissed a civil suit by which he had hoped to regain possession of that property.

The case was pending before Superior Judge Bernard J. Flood. Warner, represented by Attorney W. H. Beardsley, came into court and moved for a dismissal. Gossel was represented by Attorneys Arnold Lackenbach and R. Porter Astor.

Warner made his first attempt to regain possession of the bond in the cold gray dawn of the morning after he had given to Gossel a \$1000 bribe to get Gossel to give it up to him the waiter arrested. This was dismissed in the police court. The civil action followed. Gossel thus retains possession of what is probably the largest tip on record in San Francisco.

REPORT READY ON WATER VALUATION

That it may be in a position to hear a report from its engineers on lands to be purchased if the plan of the Eastbay Water Company is taken over by the Eastbay cities, the Eastbay Water Commission this afternoon considered an inventory of the service company's holdings.

No report will be made by the engineering committee of the commission on lands to be purchased until after the inventory has been presented and considered, according to a statement given out a short time ago by C. E. Hickok, city engineer of Alameda, and chairman of the committee of engineers. Hickok is out of the city on his vacation and not able to attend this afternoon's session.

The Eastbay Water Commission is composed of the mayors and councilmen of the various municipalities. This afternoon's session was held at the city hall in Oakland.

PARENT ACCUSED

SAN JOSE, Sept. 24.—A warrant charging Sam Curcio with violation of the state school attendance law by failure to send two children to school was sworn out today by Mrs. Gaytherine Woodhead.

Citizens Arm to Give Battle to Murderer

KNOXVILLE, Tenn., Sept. 24.—Knoxville citizens were buying firearms today to guard their homes against the midnight marauder who assaults and shoots women in their homes. The sixth death in less than a year under similar circumstances came last night when Miss Alice Burnett, 20, was killed. Attorney-General Mynatt has advised citizens to arm themselves and shoot to kill.

THEFT CHARGED TO PAIR

Louis Conco and Joe Perry, residing at Fourth and Jefferson streets, are in the city prison following their arrest last night by Officer M. F. Knos at the Standard Brass company's plant, where it is alleged they stole pieces of brass.

The Letters of Tessie and Joe

Joe is a traveling salesman. Tessie is his loving wife. Follow their letters in *The OAKLAND TRIBUNE*.

DEAR JOE:

I'm going to surprise you. I'm going to make you a couple of silk shirts. Only, come to think of it, it won't be much of a surprise now that I've told you, will it? Oh well, I bet the color of them will surprise you. Pink. But not a dainty pink, Joe, a manly pink. They ought to make a fine background for that necktie I sent you for your birthday. I gather from the tone of your letters that you consider the tie too demonstrative in its color, or rather colors. So it's my idea that the pink of the shirt will so offset the tie that they will sort of neutralize each other. I think I mislaid my vocation, Joe—I should be of a interior decorator.

Anyways, Joe, I intended to make the shirts out of white silk, knowing your plain, backward tastes, but the pink was such a great bargain that I got it. It would be a crime and a source of needless remorse. I never made a man's shirt before, but don't be alarmed, Joe. At the worst, only a small part of it shows. I can get the size from one of your old shirts and as for the little touches, I'll trust to my womanly intuition.

I really thought the baby actually had a tooth today, he was carrying on so and at the time twisting his little head around as if he was trying to see his mouth. But it was only another false alarm and his little gums are still as devoid of looking as ever. It's wonderful what makes the baby's smile so sweet without a single tooth from and of it to the other. I suppose it just goes to prove that the most undecorated innocence is more beautiful than the pearlized teeth.

I see by the papers that the Poles seem to be coming out all right after all in spite of the Bolsheviks having more men and superior propaganda than Mrs. Fink thinks was made for them in some of those big German ammunition works. The Poles are a hardy people. Mrs. Fink says maybe how they got their name. Your devoted wife, TESSIE.

NOODLES FAGAN PLEASES NEWSIES

From the voices of *TRIBUNE* paper boys at the Pantheons theater last night rose the expression of their approval and delight in Noodles Fagan, their champion and until he forsook that business for the vaudeville stage, one of the most famous of metropolitan newsies.

The boys were the guests of Manager Myers of the theater and of Fagan. There were more than 500 of them and a number of *TRIBUNE* juveniles and their parents beside.

The whole show was manifestly a treat for the boys but the real approval was reserved for the Fagan family. Fagan talked to them, declaring the best thing they could give was service. Then he told them stories and Mrs. Fagan and Miss Blanche Fagan sang and Mary Fagan, 8 years old, danced, and altogether it was a thoroughly happy crowd that applauded and laughed and otherwise expressed themselves of their general gratification in the proceedings of the evening.

DOCKING OF BIG SHIP SHOWN IN NEWS WEEKLY

The docking of the largest vessel to enter Oakland's inner harbor, the George Washington, a 10,000-ton motor-driven boat, is shown as a part of the development of the waterfront on this week's *TRIBUNE* and *News Weekly*, which also includes the Northbrae Community Church Sunday school and the delegates of the California councils, I. O. O. F., a Portuguese society, in convention at the Auditorium.

Hydroplane flights from Lake Merritt similar to the one to be sponsored by the Oakland Park board, are also shown with Aviator Chester Clark.

There's a Story Told by Every Comb and Brush

And more often it's the sad story of falling hair and dandruff. Why in so many men and women absolutely neglect their hair, except to brush, two or three times a day—ask Prof. John H. Austin, of Chicago, 40 years a Barberologist, Hair and Scalp Specialist. If only the hair could ache or cause pain, there would be fewer cases of baldness and more people would have a luxuriant growth of beautiful, lustrous hair.

Prof. Austin, who now has offices with the Owl Drug Co., says that people who are at all troubled with any kind of hair and scalp trouble, such as:

—Itching Scalp
—Falling Hair

—Excessively Oily Hair
—Dry and Brittle Hair

—Dandruff
—Split Hair

—Gray or Faded Hair

—Should have their hair examined at once under his powerful microscope.

—Prof. Austin says that the use of mange cures, dandruff cures, hair tonics, aniline and other without proper advice, is like taking medicine without knowing what you are trying to cure.

—During the past two years at The Owl Drug Co., Prof. Austin has made thousands of free microscopic examinations of the hair and scalp.

—Prof. Austin invites both men and women to take advantage of the FREE MICROSCOPIC EXAMINATIONS of the hair.

VICE IN SHANTUNG LAID TO JAPANESE

A clandestine importation of \$180,000 worth of opium through the postal service under Japanese control in Shantung and consistent Japanese intrigue to undermine the morale of the present younger generation of that province were counts placed against the Imperial Government of Japan in a talk before the Rotary club by Miss Nellie Choy Wong, graduate of Columbia university.

These measures, stated the Chinese girl, were but a part of systematic Japanese effort to hold tight reins of reorganization over the much debated region.

"The Japanese government," she said, "is annually sending \$150,000,000 worth of opium through the postal system, which finds its way into the pipes of young Chinese, through Japanese agents. The system which is being used is appalling. China has demanded the right to inspect the packages that are coming into Shantung, via mail, but has met with a staunch refusal."

"The opium is passed through the mails and then into the hands of a trusted force of peddlers, whose business it is to see that Chinese buy the major portion of it. It is a deliberate scheme and one in which a person of my profession sees a tremendous danger to China, which has been struggling for so long to rid herself of just this sort of thing. Japan means to have and to hold Shantung, and it believes that the morale of the Chinese living there is undermined to such an extent that there is little thought given to patriotism."

The importation of Japanese girls for similar purposes of demoralization was another charge Miss Wong made against the Japanese government. One-half of the police force, according to a recent system which the Japanese forced on the province, were Japanese, she said.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing unbecomingly mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decided, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher. Genuine Castoria always bears the signature of *Chas. H. Fletcher*.

AFRAID OF BOTHERING. Only the loss of his fortune, however, had prevented him from showing the material things of life up to me to a degree that would have been embarrassing. And in turn he had given him—what? Deference? Attention to his comfort, yes—but I acknowledged to myself guiltily that there had been many times when I might have made an opportunity to sit and talk with him, and—had not done it.

I fairly ran out of the door, shutting it behind me, however, and tapping on the door of my mother-in-law's room, hardly waiting for her "come in" to enter."

H. C. L. IN WEST SLUMPS SLOWLY

SAN FRANCISCO, Sept. 24.—It may be a matter of weeks before the price reduction on cotton goods announced in the East reach the Pacific coast, dealers believed today. They pointed out, however, that women's dresses, men's clothing, shoes and similar articles of apparel have dropped an average of from 15 to 20 per cent. either on wholesale or retail prices, in the West since last May.

Some foodstuffs also have been declining. Meats now are selling on the coast at the same price asked in October, 1918. Oils and fats have dropped 15 per cent. in the last five months. Flour, sugar, and coffee have gone down slightly.

Retailers today admitted they were "playing close to the board" in their purchases and were not buying more than necessary because they looked for radical turns in the market. One concern, which handles large quantities of popular brands of cigarettes, has been out of one of the heaviest selling varieties for two weeks and refused to buy more on account of an expected drop in price.

Passenger Vessel Will Give Service To Port San Jose

SAN JOSE, Sept. 24.—A passenger-carrying boat will be shortly placed on the Alviso-Oakland-San Francisco run by the Santa Clara Valley Steamship Company, which is now operating a line of freight boats between Alviso and Oakland, stated Captain E. V. Ridout today.

The steamship St. Helena is now being overhauled and prepared to carry passengers, he stated, and will be able to accommodate 200, he stated. Lower rates than those charged by railroad or auto bus will be announced, he stated.

Alviso is the harbor for "Port San Jose."

Y. M. C. A. Campaign Fund Total Reaches \$30,683.10

MRS. RUSSELL LOWRY (left) and MISS ELIZABETH MITCHELL, who are among the women assisting the Y. M. C. A. to attain its campaign goal.

Figure Given Includes Report on First Two Days of Oakland Drive

With a total of \$30,683.10 announced for the first two days of their campaign toward a \$250,000 fund, Y. M. C. A. teams met at noon again today to make further reports.

Of the sum which had been announced before today's meeting, \$1,461.70 was to be the gift of Cliff Durant under his agreement to match each day's pledges with 5 per cent. thereof. The sum reported yesterday was \$28,948. Max Horowitz's division D again won the badge of honor for the best results during the second day of the campaign. The team raised in 1929, while team 37 of that division was again the banner team with pledges of \$540. W. H. Oliver is captain of this team.

Division total up to today's reports were: A, \$5,495; B, \$3,545.50; C, \$5,211; D, \$6,400.50; E, \$2,999; special committees, \$8,750. Among the subscriptions of \$100 and over newly reported are the following: E. R. Elliott, \$100; Blue Star Amusement Co., \$125; Henrietta F. Browning, \$150; E. A. Dinsmore, \$100; Mr. and Mrs. Robert B. Gaylord, \$100; P. A. Hyde, \$100; O. D. Jacoby, \$100; M. R. Jones, \$100; S. N. Kornhaus, \$100; Wm. J. and M. J. Layman, \$100; A. W. Moore, \$100; Wm. O. Morgan, \$100; Harry Morton, \$100; Carrie B. Oliver, \$100; Oliver E. and Robert C. Oliver, \$100; Pacific Furniture Co., \$100; Seville Machine Works, \$100; H. C. W. Steinbeck, \$100; A. Sutherland, \$100; Dr. E. V. Tiffany, \$100; T. C. Coast Streeted Wheat Company, \$100; Western Motors Co., \$100; E. Winsby, \$100; Chas. H. Wood, \$100; Dr. Pierre M. Wulliamson, \$100.

PASSES HALF-WAY MARK
BERKELEY, Sept. 24.—Passing the half-way mark in the campaign to raise \$75,000 in seven days, 200 workers in the Y. M. C. A. campaign in Berkeley started today with renewed energy to end the canvass for funds vigorously on next Tuesday. Reports from workers turned in at last night's dinner at the Y. M. C. A. building showed \$854 collected during the day, bringing the total subscriptions to \$41,187.64. Following the reports a parade was held in which 400 businessmen, boys and others participated. The demonstration ended at the big clock erected at Shattuck avenue and Center street, where the hands were turned by leaders in the campaign to show the progress of the workers.

Reserve teams of women and boys will be placed in the field tomorrow to aid the businessmen's organization. Evening dinners will be held at the Y. M. C. A. headquarters by the businessmen workers until the close of the campaign, which is being directed by Ernest L. Morge.

Property Owners Want Street Paved

Dr. Minora E. Kibbe, M. J. Medina and Fayette H. Philip, property owners along Fruitvale avenue, today requested the city attorney to use every means to have the Traction Company put in a permanent pavement in their portion of Fruitvale avenue.

"Over seventy-five per cent of the property owners have already signed a private contract to do their part of the paving in a permanent fashion," say the writers, who say they feel it better for the Traction Company to discontinue doing semi-permanent work and put in permanent work in the first place, as in the long run this would be the most economical.

Banquet to Be Held by 51st Men in L. A.

LOS ANGELES, Sept. 24.—Former members of the Ninety-first Division residing here, who will be unable to attend the reunion of that organization to be held at Oakland Saturday, September 25, will participate in a banquet planned in Los Angeles on the date of the Oakland meeting. It has been announced by Thomas F. Padden, who has been in charge of arrangements for the local reunion.

Common Sense

—kills extravagance and service

COMMON SENSE has overcome extravagance, reckless spending and service.

The American people are sensible people, and sensible people do sensible things.

The richest people are generally the most frugal. They acquire their money by hard work and don't throw it away.

In a PIGGLY WIGGLY store a few days ago were seen the wife of a man owning several millions of city property, the daughter of a banker, the president of a big downtown department store, and others of wealth and position. They were getting the best food products, but they were paying for FOOD, not for SERVICE and DELIVERY. They weren't ashamed to do their grocery buying themselves. People like this don't have to be ashamed—they are a law unto themselves—they now have money and position because they did not spend all their days in "aping" after some so-called society leader. Having had all along a supreme confidence in themselves, what somebody else thought about a thing doesn't matter to them.

The cleanliness of the PIGGLY WIGGLY stores, the orderly and systematic arrangement of the goods, the freedom from interruption and suggestion, not having "to wait and be waited on," appeals to sensible people.

WARNING FOR THRIFT SOUNDED BY HOOVER

Attacks Reckless Spending in Pleasure Centers.

NEW YORK, Sept. 11. Suggesting a remedy for the present tendency toward extravagance, Mr. Hoover, in the "Ladies' Home Journal," says:

"It is as imperative today as it was during the war, even more so, that we should practice thrift in all its forms. Every one of us should cut out extravagance and waste; we should save every possible 5-cent piece, even though it was worth no more than a postage stamp; we should put our savings in savings banks or into government or other securities or into homes or farms."

"Money that is wasted is destroyed as if cast into a fire, and the evil results are not confined to the individual waster and his or her family, but are, in fact, spread throughout society. This is the crime and damage done by waste."

About one-third of our people are responsible for most of the extravagance and waste in this country. It is a heavy responsibility that they bear. If we could convert this one-third to simple living, the problem would be solved."

"It is the one-third who are guilty of extravagant eating and drinking in public places. They spend \$200,000 every night in New York city alone on restaurant suppers. The nation spends at least a million dollars a day, or \$365,000,000 a year in superfluous eating at hotels and restaurants."

Again, it is the one-third who are mostly responsible for the waste involved in the use of jewelry on which so many millions are being spent. We are now obtaining a great many diamonds, precious stones and articles of ornament from Europe. America sends to Europe shiploads of useful commodities—foodstuffs, machinery, cotton. She gets back a wheelbarrow load of diamonds and jewelry."

To make a direct appeal to American women is characterized by Mr. Hoover as a high compliment to them, "as indicating that they are very largely the guardians of the American pocketbook."

"If the women of America see their opportunity and their duty and act upon them, civilization will be their debtor," concludes Mr. Hoover.

Calomel

a "High Explosive" to the System

Ugh! Calomel sickness! It's horrible! Take a dose of the drug tonight and tomorrow you lose a day's work. Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it like dynamite, breaking it up, causing awful nausea and cramping.

Take "Dodson's Liver Tone"

If your liver is torpid and bowels constipated, or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine, entirely vegetable, therefore it can't sicken or make you sick. Give it to your children. It is harmless, doesn't gripe and they like its pleasant taste.

Tanlag is sold in San Francisco and Oakland by the Owl Drug Company, stores and Liberty's Quality Pharmacy, Alameda.—Advertisement.

Women should understand that melancholy, commonly called the "Blues," is in nine times out of ten a pure symptom of some organic derangement which should have attracted the attention of a physician. Dr. E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for such conditions, as proved by many testimonials, which we are constantly publishing from women who have been restored to health by its use.—Advertisement.

**SHELL COMPANY
YIELDS AS NAVY
SEIZES OIL PLANT**

SAN FRANCISCO, Sept. 24.—An-
nouncement that it had met the
navy's price of \$2 a barrel for fuel oil
in order to prevent the seizure of
our plants" was made by the execu-
tive offices of the Shell Oil Company
here today. The open market price
for Shell oil is \$2.35.

"We give up. We can't fight the
government," Robert A. Lewis, vice-
president and general manager of the
company, said.

MARE ISLAND, Sept. 24.—The
naval tanker Kanawha, which is tied
up at the Shell Oil Company's docks
at the island, will stay tied up here
until she has taken on board 55,000 bar-
rels of oil, it was announced at the
company's office today. She has
now aboard 25,000 barrels.

Until she leaves with a full cargo
United States marines will maintain
a 24-hour guard at the plant. There
are eighteen marines in the party,
under command of Commander C. T.
Kerckhoff, and the commandant at
Mare Island, Lieutenant P. E. In-
gram, oil expert, is attached to the
party and will supervise the seizures.

Lieutenant L. B. Higgins has im-
mediate command of the marine guard.

NEXT DAY TOMORROW

It was announced that the Kan-
awha was expected to have her cargo
tomorrow or Sunday, when she will
leave for the south.

Yesterday the Kanawha went to
the plant to take on an additional
35,000 barrels of oil, but found only
10,000.

Rear-Admiral Joseph L. Jayne
charges that the Shell Oil Company
violated an agreement with the navy
by diverting \$500 barrels to another
company Wednesday night. He has
ordered the marines stationed at the
plant to see that this doesn't happen
again.

Jayne also charges that the failure
of the company to deliver oil is ob-
structing the war game in San Diego.

PROSECUTION INTENT
Manager Robert A. Lewis of the
company is in a state of mind to
"If the navy considers its war game
at San Diego of more importance
than the industrial and shipping in-
terests of California, that is its own
affair." He says that Monday the
tanker "cleaned out" the Shell plant,
and that the plant is making an hon-
est effort to fulfill its contracts with
its customers.

Meanwhile it has been hinted that
the failure of the company to deliver
the oil yesterday may result in its
prosecution for the violation of a
Federal law.

DELIVERIES REFUSED
Monday the Kanawha went to the
plant to load up. It found the tank
hot and had to wait until late in the
afternoon, when it took on 15,000
barrels, although it had intended to
take on 55,000.

According to Admiral Jayne, it
then shoved off until yesterday, upon
an understanding that it was to get
an additional 35,000 barrels then.
And yesterday, says Jayne, it was
able to get only 10,000, while the
navy has evidence that \$500 were
diverted to another plant.

Jayne charges that the company
has refused to make deliveries of oil
to the navy since April and that the
seizure of oil is necessary to "approx-
imate its pro rata share, and as an
act of justice to other companies and
their customers." According to Jayne,
the navy is paying the company
\$1.75 for the oil.

"The navy cleaned us out of oil
last Monday and today repeated the
performance through the seizure of
something like 17,000 barrels of oil,"
says Manager Lewis. He declares

**Bringing the "Y"
Nearer Home**
For those boys whose homes are too far distant for them to
come to the Y. M. C. A. building at Twenty-first and Telegraph
regularly, the "Y" has inaugurated a Community Boys' Work
Department with two special secretaries whose principal task is
that of bringing the "Y" to the boys of Oakland in their own
home districts.

This department co-operates with schools, clubs and churches in
all phases of boy life, providing leaders for boys' clubs and
classes, starting work for boys in factories and laying the founda-
tion for a larger program of service among the thousands of boys
it is possible to reach in this manner.

A considerable portion of the funds raised by the Y.
M. C. A. in its present campaign, to continue until next
Wednesday, September 29, will be devoted to the fur-
therance of this work.

**POWER HEARING
WILL BEGIN OCT. 8**

The State Railroad Commission
has notified City Attorney Eugene
and others that hearings will begin
October 8 in the matter of fixing a
definite base rate on power.

The question, which has been
agitated in northern California, es-
pecially by Oakland, Sacramento,
Grass Valley and Stockton, prob-
ably will take several months to
settle. The valuations of the Pa-
cific Gas & Electric Company and
the Great Western Power Company
will have to be determined first,
and then the work may proceed
toward fixing a basic rate.

The Commission, the companies
and the various cities have already
amassed preliminary data.

Leon Gray of the city attorney's
office asserts he believes that by
fixing a basic rate the cost of power
can be materially reduced. The
power companies, on the other
hand, say they do not think so.

At any rate, it is believed that
a uniform rate on power may be the
result.

To determine the value of the
companies, a survey must be made
on all the properties involved from
Oregon southward. After the valua-
tion, it is believed the commission
will allow a 2 to 5 per cent depre-
ciation, and an 8 per cent return
on the investment.

The number of consumers and
the distance of power transportation,
it is said, will be material fac-
tors.

TWO CONVICTS ESCAPE.
Reno, Nev., Sept. 24.—While the
state prison commissioners were in-
specting the state penitentiary at
Carson City yesterday afternoon, two
convicts, Frank Price and Manuel
Leverette, appropriated Warden Rufe
Bendick's automobile and drove
through the gates to freedom. Both
men were serving indeterminate
sentences up to fourteen years.

There is a surplus of oil in Los An-
geles, and therefore no occasion for
the seizure of oil here, where there
is a shortage.

leged unsatisfactory condition of the
plumbing in many Oakland schools,
the Board of Education last night
decided that the budget committee
shall report Monday night on fin-
ances for new plumbing.

The budget committee will meet
today for a preliminary survey of the
situation. Meantime, a committee
from the Board of Education will
meet with the Board of Health to
discuss the case.

Last night's discussion centered on
how bad or how exaggerated the
situation really is, and whether it may
be necessary to delve into the
municipal accounts for the raises in
teachers' salaries.

"We must not go into that fund,"
said Director Chandler. "It is better
to send the children home than de-
bauch them."

Director Short expressed heres-
tically against the Council for fail-
ing to provide funds, though asked,
"Is there no way to put the blame
upon the Council, where it belongs?"

Superintendent Hauser asserted
that it places the lives of children in
jeopardy," but admitted that the
aged plumbing is "bad."

**S. P. BRAKEMAN
IN AUTO TANGLE**

Involved in a tangle of motor
cars, alleged to have been secured
through misrepresentation and then
disposed of outside the state, J. W.
Greenwood, a brakeman employed
by the Southern Pacific at Los An-
geles, was this morning held for
trial in the Superior Court by Jus-
tice Judge George E. Samuels on a
charge of felony embezzlement.

In default of \$4000 bail he was
turned over to the custody of the
sheriff of Alameda county.

According to the testimony of A.
W. Rawling of the Hawling Motor
Car Co., 2338 Broadway, Greenwood
purchased a new car from him in
1919, giving him in exchange two
motor machines and a note for \$1800.

Shortly afterwards the man and
his new car disappeared, while the
owners of the two machines turned
in on trade came on the scene and
by replying, proceedings secured
the return of their automobiles, al-
leging that Greenwood had obtained
possession by giving them first pay-
ments only.

**Senator Harding Pledges
Nation Merchant Marine**

MARION, O., Sept. 24.—Again
attacking the record of the Demo-
cratic administration and "one-man
government," Senator Harding told
a delegation of West Virginians to-
day that in his opinion the most
conspicuous failure of Democratic
rule has been the continual fiasco
of the Shipping Board.

"One of the great problems of
the incoming administration," he
said, "will be to appoint to prac-
tical use for America the greatest
merchant marine built since the
war. The record of the Shipping
Board was one continual fiasco from
beginning to end. When the war
ended we should have been in a
position to establish shipping lines
to every part of the world.

"I promise you that one of the
first acts of the incoming adminis-
tration will be to unfurl the flag
again on all the seas of the world."

The Senator also charged the ad-
ministration with "bungling" in
business affairs and with extrava-
gance and mismanagement in its
conduct of the government. The is-
sues thus presented, he declared,

are "too big to be obscured by a
vaudeville performance on the part
of anyone."

Conceding that no specific remedy
could be invented as soon as possible,
the Senator suggested that much would
be accomplished in that direction
by a protective traffic policy, by
refusal of the public to pay exces-
sive costs, by individual thrift and
by efficiency in production.

**Income Tax Blanks
Being Simplified**

Work on simplified income tax re-
turn blanks is now in progress and
will be completed as soon as possible,
that the blanks may be printed and
distributed. A committee appointed
by the Commissioner of Internal Re-
venue has the matter in charge and
has called in representatives of trade
and financial organizations to advise.
Returns on 1935 incomes are due be-
tween January 1 and March 15, of
1936.

For 1935 there were filed 5,600,000
returns, of which only 100,000 were
for incomes in excess of \$5000. There
were 1,200,000 non-taxable returns.
The number of non-taxable corpora-
tion returns was 175,000.

HEARING BEGUN ON COMPULSORY TEST FOR GERMS

With a courtroom crowded with parents and friends of the Berkeley students excluded from the schools there because of their refusal to submit to examinations of their throats for diphtheria germs by the health authorities, the battle over their continued exclusion began this morning before Judge Fred V. Wood, sitting for Judge Everett J. Brown.

Today's proceedings were based on the application of Attorney Howard L. Bacon, representing the pupils and their parents, for a writ of mandate to compel the school authorities to reinstate Miss Eda Fischer, 16-year-old daughter of Walter N. Fischer. The application is considered a test case, there being a number of other students who have been summarily suspended. Some of them returned to school in defiance of the order, but were removed and threatened with arrest by the police on a charge of disturbing the peace.

When the case was called this morning Miss Frances H. Wilson, representing the district attorney's office, and Frank V. Cornish, city attorney of Berkeley, requested a continuance until 2 o'clock this afternoon on the ground that it was necessary to have present Attorney John Macfarland, representing the State Board of Health. It was stated that it is very important that Macfarland be in court, as the validity of the law is to be attacked by the petitioner for the writ and that he had left Los Angeles last night, but his train had been delayed and would not arrive until nearly noon.

Bacon said it would work a great hardship on some of his witnesses if the hearing were unduly protracted. Judge Wood compromised by setting the hearing for 1 o'clock this afternoon, when the actual fight began.

Bacon called a number of witnesses in an attempt to prove that there was nothing to indicate any physical ailment on the part of his clients or to warrant a throat examination, also to show that the health officer was not armed with a "development and health" certificate, as required by law, when the effort was made to examine the students' throats.

The representatives of the school authorities introduced the law requiring these examinations and claimed there is no exemption provided for in enforcing the statute.

Blind Dog on Hunger Strike; Owner Jailed

SAN FRANCISCO, Sept. 24.—In the jail at Quincy, Plumas county, an old and snow-blinded dog has gone on a hunger strike, while in another jail at Sacramento his master and companion for seventeen years is being held in \$1000 bail for having started a forest fire. It is a story of a twenty-year-old prospector and the dog that has followed him over the hills in the quest for gold.

Forest rangers arrested David McKee after he had fired some brush, they say, to aid him in mining operations, and after the old man's fire had started a dangerous forest conflagration. In making the arrest the rangers were forced to subdue the dog, which fought until exhausted in defense of its master.

Man and dog were taken to the jail at Quincy by Deputy U. S. Marshal Larry Conlon, and then it was found necessary to take McKee to Sacramento. To separate the miner from his four-footed companion, he waited until the dog was eating its lunch and sneaked the old man from the cell. For hours the blind animal barked, whined and showed its teeth, and no one dared go near it.

Today Frank M. Silva, United States district attorney, received word from Quincy that the old dog has refused to eat and is starving to death.

"If my dog dies before I get out," McKee has written from his cell, "see that it gets a decent burial."

Police Phone Booth in City Hall Robbed

Captain of Police B. A. Wallman is thinking seriously of stationing a patrolman in the city hall at night to prevent burglars from carrying away the police station. Last night some one robbed the pay telephone booth, which is but a few feet from the desk sergeant's room, and escaped with several dollars in cash change. Not content with robbing the cash box, the burglar cut the receiver from its moorings and hung the telephone book on the receiver hook.

HELD ON CHECK CHARGE
SAN JOSE, Sept. 24.—Charles B. Mason, arrested on a charge of passing a spurious check at the Hotel St. James, was held to answer in the Superior Court today following his preliminary examination before Justice of the Peace Urban A. Schmeidler.

ALIMONY TARDY, REALTOR FACES CONTEMPT CASE

J. Walter Layman, real estate broker, was cited to appear in the Superior Court today and show cause why he should not be declared guilty of contempt for failure to obey the court's order instructing him to pay \$15 a month maintenance to his wife Grace D. Layman, who is suing him for divorce.

In reply Layman filed an affidavit and asked to have the answer which he had already filed made a part of the paper filed today. Layman denies all of the allegations made by his wife insofar as they refer to misconduct or as furnishing cause for the dissolution of their marriage and asks that the order requiring him to pay alimony and counsel fees be vacated.

GROUNDS FOR REQUEST

As grounds for the request the affidavit says that none of the community property is now under his control, that two weeks after the service of the summons he returned to Oakland from a health resort and found the house stripped of everything, "save a decrepit bedstead and the paper on the walls," and that his wife was also gone.

He says he has no separate property and that there is no other community property save four lots in Richmond, all of which are mortgaged, and also claims that, in times of real estate activity, he spent money lavishly on his wife.

DENIES DESERTION

"I have never deserted the plaintiff," says the affidavit. "I have no separate property, and there is no community property save as above stated. I am unable from infirmity to support myself, and my wife should support me out of her separate property. She has separate property."

Attorney Henry A. Davis, representing Mrs. Layman, appeared in court and declared that his client was going to force the payment of the \$15 a month.

Attorney H. C. McPike appeared in court. Layman was not with the objection that the personal appearance was necessary. Arguments as to whether a bench warrant would be issued for Layman were being heard by Judge Koford this afternoon.

JOHNSON IN L. A.
LOS ANGELES, Sept. 24.—Senator Hiram Johnson arrived here today preparatory to delivering a Republican campaign address tomorrow evening.

WESTERN PACIFIC FORMS TERMINAL DIVISION HERE

Creation by the Western Pacific of what practically amounts to a new terminal division with headquarters in Oakland was announced today through W. H. Davenport, general agent of that railway here.

The new division, which comprises all of that railway in Oakland and San Francisco and as far east as Niles, has been put in charge of J. H. Leary, whose title will be superintendent of terminals.

Leary has been assistant superintendent of the western division of the railroad, which has had its headquarters at Sacramento. He is now wholly detached from the Sacramento headquarters and has established his own offices at First and Adeline streets, from which point he will direct all operations at this terminal.

The creation of the terminal control here is in line with policies of development of the railroad since its return to private ownership, and is aimed to meet growing traffic at the ocean end of the transcontinental line.

Aside from the change in the line of authority of all offices west of Niles and in San Francisco, and the setting up of the new headquarters in Oakland, there will be no other physical changes at present.

SCHOOLS GROWING FASTER THAN CITY

Graduations from Oakland high schools have increased seven times as fast as the growth of the city's population in the last five days, according to a report to the superintendent of schools from the Department of Research and Guidance of the school department, showing the recent strides made in education.

Grammar school graduations have increased four times as fast as the population. Kindergarten enrollments have increased three times as fast as the city's population. Nearly twice the percentage of children go to grammar school as went in 1913-1914.

These figures point to growing schools for every one who attended in 1914. Oakland ranks third in the size of the class unit for western cities, which means that its school room classes are much larger per teacher. It is asserted that Oakland would need 100 additional teachers if its class rooms were as small as the general average for western cities.

WANTED JOB SO HE STEALS TO BUY OVERALLS

SAN FRANCISCO, Sept. 24.—James Wolf, a negro, awoke this morning to face a serious problem in his life. No solution came to him until he was passing a cigar store at California and Kearny streets. Then he had an idea.

Wolf entered the stand, casually walked up to a display counter, seized a box of cigars and turned to dash from the place. The proprietor clutched him by the arm but the negro wriggled from his grasp and fled, leaving the coat in the possession of the owner of the cigars.

He then speeded across the intersection but Patrolmen Brown and Halliday, who were riding by on a street car, jumped from their seats and pursued him. Wolf led them a race through an apartment, a garage and over four blocks of pavement before he was captured.

When he was placed under arrest he said, "Boys, I've got a good job waiting for me. I need some overalls to work in. I kinda occurred to me I might be able to steal a box of cigars, sell it, buy a pair of overalls and then get busy."

His story was without avail at the police station and he is booked on a charge of petty larceny.

Lack of Courtesy Her Divorce Basis

Delano Cadman did not literally bite the hand that fed him, but he failed to grasp it warmly in his own and treated its owner with even less than scant courtesy, according to the divorce complaint of Mrs. Alva Cadman, filed today.

Mrs. Cadman, who was Alva Corneilus before her marriage, charges that although she and her husband lived with her parents, while the husband did not even offer to pay for the food or lodging, he acted in a sullen and morose manner toward her relatives, often refusing to speak to them for days at a time.

She also declares he was jealous of her, so that she was deprived of the society of her relatives and friends. They were married March 30, 1918, and separated August 21, 1920. There are no children. Mrs. Cadman asks permission to resume her maiden name.

CHIROPRACTORS MAY BE JAILED, WARRANTS OUT

Several local chiropractors are expected to be arrested in Oakland today by officials of the State Medical board and the Oakland police, as a result of the issuance of a number of warrants yesterday against various kinds of physicians whose methods of practice are not approved by the State Medical board.

Three arrests were made yesterday. Leo So Nom, 491 Tenth street; C. I. Litt, 715 Washington street, and Bing Tso, 326 Harrison street, both doctors, were those arrested, and later released on bonds. The raids which will be carried out today are expected to result in the arrest of three Oakland physicians.

Inmate of Hospital Flees in Bathrobe

Somewhere in the vicinity surrounding the county hospital a man dressed in a bath robe is hiding from county hospital officials and farmers who are anxious that he be returned to the county institution from which he escaped yesterday.

The man is Frank Jerome, 749 Eighth street, who has been an inmate of the county hospital for several weeks following a sun stroke. Yesterday he ran away from the hospital for the fourth time. He was dressed only in a bath robe.

This morning Fred Burbank, a farmer residing near the hospital, reported to the police that he saw a man in a bath robe milking one of his cows. He rushed to rescue the fluid which was being drained from his prize cow when the man saw him coming and escaped.

GAMBLERS 'DARE' WHITE SOX TO WIN PENNANT IN AMERICAN LEAGUE

Rube Benton Charges White Sox Players Received \$100,000 to Quit to the Reds.

CHICAGO, Sept. 24.—Rube Benton, president of the American League, will be recalled today, it is expected, to tell the Cook county grand jury what he knows about an alleged plot to "blackmail" the Chicago White Sox into losing the American League pennant this year. George M. Cohan, noted actor, and Mont Tennes, a well-known Chicago gambler, probably will be subpoenaed for questioning regarding reports that between them they lost \$100,000 betting on the White Sox in the 1919 world's series.

Johnson's statement of a blackmail plot is but one of the sensational angles of the baseball "scandal" that are being made the subject of a grand jury investigation. Predictions are being made today that the evidence produced before the grand jury will result in a thorough house cleaning. The statement made by Johnson declares that he has been informed that the "White Sox" will not dare to win the pennant in 1920 and alleges that the gambling syndicate, which is said to have "fixed" certain Sox players in the 1919 series, is threatening the players with exposure if they should win the flag this year.

BENTON READY TO TELL. On top of Johnson's sensational statement came a bombshell from Rube Benton, the New York Giants pitcher, who revealed that he is ready to tell the grand jury, if he is asked to do so, that a Pittsburgh syndicate of gamblers, with betting commissions in the leading cities, is said to have paid \$100,000 to White Sox players to have the last world's series "thrown" to the Cincinnati Reds.

"Last fall," Benton said, "a man named Hahn, who hails from Cincinnati and who is known as a betting commissioner, visited me at my home in Clinton, N. C. One morning while we were hunting I asked him about the series. He said that the series was not on the square. He said that the deal to fix players to throw the series had been engineered by a syndicate of gamblers from Pittsburgh, for whom he worked as a betting commissioner in Cincinnati.

ACCUSES SOX PLAYERS. "He said certain players on the White Sox team had visited Pittsburgh before the series and made arrangements to throw the game for a price. He said that the players demanded \$100,000 to lay down so that the Sox would lose, and that this was paid them."

Benton said he and Hahn discussed various players of the team, but that the names of Buck Weaver, Eddie Collins, John Collins, Joe Jackson and Ray Schalk were not mentioned. Five players were mentioned by Hahn in the course of the conversation, Benton said. "They are Eddie Cicotte, pitcher of the first game of the series; Claude Williams, pitcher of the second game of the series; Chick Gandil, first baseman; Hap Felisch, centerfielder, and another that I do not recall."

President Johnson in his lengthy statement said that he knew several players' checks for their share of the world's series receipts had been held up, but said he could not give their names.

CHECKS WERE HELD UP. "But six weeks after the season closed," Johnson said, "Cicotte wrote me saying he had received his check and Gandil and McMillin wired me from California saying their checks had not been sent. All eight checks held up during the investigation eventually were sent to the players."

It is alleged that George M. Cohan lost \$300,000 on games that his own investigations have indicated to him were "fixed," and that Tennes lost \$50,000 on the last world's series.

Next time the picture is made experts declare Georges will be in a horizontal position while Dempsey will be perpendicular. Note the bulk of Dempsey and the frail build of the French champion. Also the massive "paws" on the American. Carpentier's right hand is lost in the huge hand of the world's champion.

Two Important Football Games Here Tomorrow

The gridiron athletes will come into their own tomorrow afternoon, when several important contests will be staged around the bay. Local interest will be divided between the St. Mary's-Mare Island Sailors' game at the St. Mary's College campus and the University of California-Olympic club at Berkeley. Here is the schedule for tomorrow:

California vs. Olympic club, at Berkeley. Officials—Clarke (Ore.), referee; Cave (W. S. C.), umpire; Hunt (Indiana), head linesman; 2:30 p. m.

U. C. Aggies (Davis Farm) vs. University of Nevada, at Reno. Harris (Colorado), referee; 2:30 p. m.

Mare Island vs. St. Mary's, at Oakland. Officials—Huebel (Michigan), referee; Humphreys (Alameda), umpire; 2:30 p. m.

San Mateo vs. Lick, at San Mateo. Dugan (Ohio), referee; 10:30 a. m.

Richmond vs. Alameda, at Richmond. Kearns (Nebraska), referee; 10:30 a. m.

American Legion-U. S. S. Birmingham game, scheduled for Sunday at Ewing Field, has been postponed to October 10.

BLUE AND GOLD WILL MEET OLYMPIC ELEVEN AT CALIFORNIA FIELD

First Important Clash of the Season Tomorrow for Andy Smith's Husky Athletes.

By DOUG MONTELL. UNIVERSITY OF CALIFORNIA, Sept. 24.—The opening game of the 1920 football season for the Blue and Gold takes place tomorrow afternoon on the home lot when the Olympic Club, charges of Commissioner Jack Spaulding, invade the Bruin campus bent on conquering the hosts of Commander Andrew Smith. Both sides claim that their team is not the best that it should be, all of which leads us to the conclusion that both Spaulding and Smith hope for victory but are not too confident of success.

Chances are ten or more to one that somebody will win. We have seen tie games but this early in the season the teams will not be playing to such perfection that it will go to a tie, scoreless or otherwise. The past week hasn't brought additional hope for recruits to the Olympic Club and last night Coach "Brick" Mitchell was unprepared to spread out a line-up to start the game. Andy Smith opened up to a greater extent and feared out what he imagined would be the eleven to take the field Saturday p. m. Not a bad line-up, although some are missing who should strengthen the Bears when they get into action.

St. Mary's to Meet Sailors On Gridiron

Mare Island Tars Will Appear At the College Lot Tomorrow.

The St. Mary's college football team will get its first real test of the season tomorrow afternoon when the Broadway students tackle the Mare Island Sailors at the college campus. For the past three weeks the St. Mary's athletes have been training like Trojans and Graduate Manager Le Fevre stated this morning that the team is very likely to beat the Sailors tomorrow and then give the University of California a drubbing later in the season. It is the Blue and Gold team that St. Mary's wants to beat.

In former years there was a dearth of football talent at St. Mary's but this season there are capable substitutes for every position and the principal worry of the coach will be to select the best material for the various positions. With most of last year's veterans on the job the nucleus of a great eleven is already there and there are possibilities in the army of new talent that has reported this season.

The game with the Sailors will commence promptly at 2:30. The St. Mary's team will line-up as follows: Left halfback, Kenney; Valencia ends; Giffen, Brown, tackle; Madlin, Lagamasino, guards; Decker, quarterback; Lacy, Kuahane, halfbacks; Aloy, fullback.

Frank Farmer Stops Anderson in First Round at Tacoma

TACOMA, Wash., Sept. 24.—Frank Farmer, Tacoma light heavyweight, knocked out Andre Anderson, an eastern 200-pounder, in the first round of a scheduled six-round bout here last night. A straight right to the face put Anderson completely out for several minutes.

Leo Bell, local 135-pounder, was given the decision over Young Zazu of Manila, in a hard-fought six-round fight.

Leo Bell, Portland featherweight, gained a decision over Frankie Efritt of Tacoma; Marty Foley and Clem Zukowsky, local middleweights, fought a draw and Eddie Moore, Seattle bantam, opened the show by knocking out Jimmy Davis, Seattle colored boy, in the second round.

Gleason Says His Men Are Trying to Win

"Yesterday's Victory Is Conclusive Proof," Says Manager.

CLEVELAND, O., Sept. 24.—"We are trying to win the pennant," Kid Gleason, manager of the Chicago White Sox, said here today in reply to statements by Rube Johnson that he had heard statements that the Sox would not dare win the 1920 pennant.

Gleason pointed to the overwhelming defeat by his men of the Indians yesterday as conclusive evidence that his men were out to win.

"I have nothing to say in the matter from any phase whatever," Gleason said, "except that we are trying our best to win. I am not going to report that my players were involved in a gambling plot to throw away any world series. The players refused to discuss the matter."

This speaker, manager of the Indians, said he did not take any stock in the stories that the White Sox could not dare beat out his team for the pennant.

College Football Men Discuss New Rules

NEW YORK, Sept. 24.—College football coaches discussed rules at the annual meeting of the American Intercollegiate Football Union, which opened last night, but made no radical changes. A resolution adopted incorporated an amendment to the rule of the tactic of cutting down by throwing the body laterally across the leg of the opponent, carrying the leg over the body. It also said that a player may bump an opponent from the back of the head, provided he did so without using his hands.

The new rules shifting and doubling of starting signals were for the ruling of the referee at each game. Vagabonding was made by Walker Camp that the referee use a horn in addition to his whistle.

TIE IS POSSIBLE IN THE AMERICAN LEAGUE.

Indians and White Sox Neck and Neck in Big Flag Chase.

By H. C. HAMILTON. International News Service Staff Correspondent.

NEW YORK, Sept. 24.—The possibility of a tie in the American League race is out remote. Today Cleveland leads the race by half a game over Chicago following the article drubbing given the Indians yesterday by the White Sox. If the Sox win today and tomorrow they will lead the league in wins and a fraction and will have five more games to play. Cleveland would have eight left on its schedule.

The Cleveland and Chicago scheduled both call for battles with the Detroit and St. Louis clubs to wind up the season. Four will be played in Detroit and four in St. Louis by Cleveland. Chicago plays these games in St. Louis and two with Detroit in Chicago.

If Chicago taken both remaining games with Cleveland and then wins the season with a clean record, the result would show 33 wins and 55 loss. If Cleveland loses both games to Chicago and then sweeps the field the result would be 55 wins and 55 loss.

The Cleveland and Chicago would be left up to the American League which probably would order a playoff between the two tied teams to determine the champion. A tie never has occurred in a major league championship race.

Today all these leaders are in action. Cleveland and Chicago meet at Cleveland and the Yankees play Washington.

The National League leaders remain idle.

Mighty Babe Strikes Out, But Writes Out a Check for \$2500

BALTIMORE, Sept. 24.—"Babe" Ruth, returning to his home town yesterday, where 10,000 fans hoped to see him produce at least one dirt-out, struck out twice, the last time with the bases full. The Baltimore Orioles beat the New York Yankees 1 to 0. Jack Bentley fanned Ruth in the third inning. The next time up he was out on an easy grounder and then drew a pass, and in the sixth, with the bases occupied by the International Sporting Club, Ruth learned baseball. He made a speech and wrote his check for \$2500 to help replace buildings destroyed by fire.

Carpentier and Bat Levinsky Will Stage Bout in New Jersey

JERSEY CITY, N. J., Sept. 24.—Georges Carpentier and Battling Levinsky will stage their fracas in New Jersey. It has been announced by the International Sporting Club. The heavyweights will come together in a scheduled 12-round bout on October 12 in the Jersey City baseball park.

"It seems to me I have already heard some of the stories told by this mongrelist," Carpentier said. "Yes!" "He's a retired bartender who has gone into vaudeville."

Will Rheumatism Again Bind You Hand and Foot

There are thousands of victims of Rheumatism who dread the approach of damp wintry weather, for it means to them a return of the pangs of Rheumatism.

If you had Rheumatism last year and treated only the pains of the disease by rubbing with liniments and lotions, you can be sure that soon again you will be in the shackles of this relentless foe. You may get some slight temporary relief from the pain of the disease by the use of these local remedies, but Rheumatism is too real and relentless a disease to be rubbed away.

RUNAWAY COW HOLDS UP TRAINS

PRAINTEE, Mass., Sept. 24.—A "moody" cow held up four trains on the New Haven railroad this afternoon. Chief of Police Jerry Gallivan was called to Washington park by indignant residents who saw the crops of their garden going rapidly to ruin beneath the onslaughts of the cow until he heard a train shrieking whistles. Running down a hill he saw the cow on the track in front of the engine.

Assisted by some boys, the chief started after the cow, but the cow saw the pursuers and climbed up the bank to the tracks of a branch road, 2½ miles away. When the train came in view, this train was brought to a stop.

In trying to dodge its pursuers the cow doubled back and finally landed on the main line of the railroad. The engineer of a train coming up the steep grade from Quincy admits he saw the cow on the rails ahead of him and he, too, remembered the "safety first" slogan and stopped. Chief Gallivan and the boys broke through the bushes alongside the track. The cow started up the track toward Capens bridge. Just under the bridge a down train engineer saw the animal and applied his brakes.

The cow came to a standstill. This gave Gallivan a chance to catch the animal and she was put in the pound waiting an owner.

Alabama Gamblers Set Back By New Law
BIRMINGHAM, Ala., Sept. 24.—Gamblers of Birmingham are liable to be subjected to nocturnal calls from the police without the formality of the officers being compelled to present their cards at the door, under the provisions of an ordinance just enacted by the city commission. Police are empowered by the ordinance to "break down" doors of houses in which gamblers are suspected to be holding forth, and it will not be necessary for the cops to carry with them a search warrant.

Park-to-Park

Mappers in Seattle
The motor tourists mapping out the national park-to-park highway have reached Seattle, the northernmost point of the itinerary, and are headed for Oakland, where they are due on October 10.
Otto Van Wyck Jr., representative of Stephen T. Mather, director of national parks, telegraphed the Oakland Chamber of Commerce today of the arrival of the party in Seattle. The motorists are exactly on schedule, he says.
The Seattle Chamber of Commerce and automobile clubs escorted the party into that city and entertained it at a banquet last night.
The motorists are luncheon guests of the Seattle Kiwanis club today.

Uniform Coffee - "Always Tastes the Same in the Cup"
We Go 10,000 Miles For Coffee
Yet Our Work Is Only Half Done When We Get It
We get our coffees from world-famous plantations, some of them 10,000 miles away. We use only the best beans from these choicest crops, yet we have only begun to give you the best coffee.
"Folger's Golden Gate" is changeless. Keep the pot clean and make it in the same way daily and you always get the same results.
In ten thousand cans of such coffee, if you made every cup the same, you would find not the slightest variation.
If you've had trouble with coffee, try "Folger's Golden Gate." See how it stops the men folk's fussing.
You'll never again use uncertain brands after you've experienced the certainty in this.
Smooth, Delicious Rich—Non-Acid
The never-changing flavor of "Folger's Golden Gate" is different.
It's a non-acid coffee, which means that you can make it "strong" if you like without losing its healthful effect.
You'll be delighted. Try it and see. Learn what it means to have such good coffee every day throughout the year.

UPHEAVAL IN FIRE DEPT., FORECAST

In the interest of peace and harmony, a big battle is scheduled to begin in the Oakland fire department in the very near future, with consequent upheavals and political fireworks.

Commissioner Morse forecast the war this morning, although the date for the combat was not officially set. Morse, however, expressed his general policy on the subject.

"I feel that something must be done to achieve a little more harmony in the fire department," said Morse.

Whether the "harmony" will include the superceding of Chief Elliot Whitehead and the seating of an entirely new regime was not announced by Morse in precise terms, as he approached the matter in diplomatic language.

That the "harmony" might also include a little harmonization of the rank and file was intimated by Morse, and it is believed that the new war starts its effects will be felt all along the line.

The commissioner also touched on the possible advisability of abandoning several fire houses in districts where population has not progressed and shifting them to centers of great recent growth, but he admitted that the abolition of any fire house might cause a stir in the neighborhood abandoned.

Morse asserts he is getting ready to "look into the whole fire department business" and that "it is not very far off."

FRENCH BRIDE IS ORDERED PAID

Appearing in court on crutches, Charles Thompson, overseas war veteran and Western Pacific fireman, declared before Judge Stanley Smith that he was not going to pay \$50 a month to his French "war bride" because she was too friendly with others "who could speak French" en route to the United States, and because he had recently been injured in a railroad accident.

Judge Smith ordered him to pay the maintenance.

Mrs. Marie Thompson, who is a teacher of French and a student of English from a Paris university, is the daughter of a French attorney who gave \$50,000 francs to the couple at the time of their marriage. She recently sued Thompson for divorce, charging her husband beat her, choked her, called her names and threatened to kill both of them by turning on the gas.

Given Four Months for Letter Thefts

Convicted of stealing letters addressed to mail racks of hotels and rooming houses and riding them off with checks which he later cashed, Louis E. Sears, a recent arrival in Oakland from Los Angeles, was sentenced to four months imprisonment in the city jail by Police Judge Smith this morning.

While Sears is serving time on this charge, department of justice officials will investigate several army discharges and draft exemption certificates which were found in Sears' possession.

Tax Nets \$400,000,000 Month Spending Orgy Aids Uncle Sam Five Billion Year on Recreation

By RALPH F. COUCH, United Press Staff Correspondent.

WASHINGTON, Sept. 24.—The national orgy of spending that swept over the United States following the armistice still is pouring money into the pockets of purveyors of amusement at the rate of approximately \$400,000,000 a month, according to an estimate made today on war tax receipts of the treasury department.

Although expenditures were curtailed for autos, diamonds, imported cosmetics and the like, the public has increased its purchases of candy, soft drinks and other non-alcoholic beverages, tobacco and theater and movie tickets.

Seekers of recreation still are indulging in these things at the rate of nearly \$3,000,000,000 a year, or enough to pay all expenses of the government for twelve months.

Taxes received by the government during May on the sale of candy, tobacco, soft drinks and admissions totaled \$36,618,000, a month, according to the treasury department.

But the fact remains, the numbers and snuff seem to be the favorite indulgence of the American people, according to the tax returns.

Theater admissions brought in the most money, according to the government, total collections being \$6,623,189. At this rate the annual expenditure for theater seats would be approximately \$794,772,000.

Near East Looks to U. S. to Save Her Starving People

Addressing the campaign committee of the American Jewish Relief Committee, at the Hotel Oakland, Col. Fred Pumphrey, district manager for the Better American Federation, who was executive officer to the commander of the American Polish Relief Expedition, discussed the situation which the Jewish Welfare Board is combating in the near east.

He drew a picture of the utter inefficiency of government and declared:

"The feeding of the starving people rests with America, and do not believe that Americans will dodge the issue as the Europeans have and are dodging it."

RIGA DESOLATE.

"The people in this country can little conceive of the absolute desolation from Riga and Revel south through Minsk, Pinsk, Brest-Litovsk, Baranovsk, Lublin to Kacienitz-Podolsk. This territory has been badly ravaged by the Germans, Russians and Austrians, and was the scene of the bitter fighting between the Poles and Bolsheviks. It seems that every army crossing Poland and Russia, used every method known to completely obliterate every human habitation and make it impossible to sustain life. Thousands of villages have been burned to the ground, and the people who lived in them have been driven into the forests, where they starve and are killed by the wolves."

"In this region the Jewish race overwhelmingly predominates. The battles for five years have raged over this territory, the men have been driven into each army in turn, the women and children driven back and forth, robbed, debauched, brutally treated, always in a condition of near starvation, if not actual starvation."

"While on field work combating typhus, thousands and hundreds of thousands of families, or rather what was left of them, were found living in caves, dugouts, corners of basements of destroyed buildings, with nothing but straw for a bed, few or no clothes worth mentioning."

"They are hungry when they have a few raw carrots or potatoes to eat, meat is unknown; milk unknown except where it has been possible for the Hoover commission to supply the infants and children. This year it will be worse, for the meager crops they had planted were taken from them by the Bolsheviks by force."

COUNCIL AIMS AT CHRISTIAN UNITY

GENEVA, Sept. 24.—Great progress toward Christian unity among the denominations of the world as a means to a "better world" is said to have been made by the World Conference on Faith and Order, held here in August. Robert H. Gardiner, of Gardiner, Me., secretary of the American Episcopal church, spoke of it as "the most important gathering of Christians held throughout the world that confess Jesus Christ as the Son of God-made man, except the Church of Rome."

There has been frank discussion of the differences between the various churches, and the delegates in the earnest desire to understand and appreciate each other and to abandon the spirit of controversy. The minds of all have been given to the effort to reach that viable union of Christians which is the only evidence potent to convince and to convert the world to Christ.

The meeting has grown toward a closer brotherhood and hope, and it is sure that a great step forward has been taken toward Christian unity.

The delegates to the conference included leaders of prominence from many lands, and among them were delegates from the United States, including the Rev. Dr. J. H. H. Johnson, of the Episcopal church, and the Rev. Dr. J. H. H. Johnson, of the Episcopal church, and the Rev. Dr. J. H. H. Johnson, of the Episcopal church.

Banker's Widow Asks Final Distribution

Final distribution of the estate of George H. Collins, Oakland banker, who died August 29, 1919, leaving an estate which has been appraised at \$1,264,375, is asked by the widow and executrix, Mrs. Augusta J. Collins, in a petition filed with the superior court today.

Mrs. Collins is entitled to one-half of the estate as community property. Of the husband's half she is given a specific sum, \$100,000, besides one-half of the residue after payment of the debts and approximately \$100,000 and the inheritance tax of \$120,000 are paid.

Bequests to relatives and friends, the ministerial relief fund, Y. M. C. A., Y. W. C. A., and other charitable institutions amount to \$200,000. Two daughters, Mrs. Charlotte L. Egan and Pauline C. Ham, are given \$25,000 each and the other half of the residue after payment of the debts and approximately \$100,000 and the inheritance tax of \$120,000 are paid.

Woman Is Hurt As Auto Strikes Her

Mrs. I. Morita, 1634 Alice street, a Japanese woman, 25 years old, was struck down and badly cut by an automobile at Tenth and Alice streets today.

The automobile, a 1919 Buick, was driven by Frank Weiburn, 2042 Thirteenth avenue, who took the woman to the emergency hospital.

Mrs. Morita, who had suffered a concussion, was taken home after being treated at the hospital.

"Stolen" Ring Found in Woman's Glove

Report of the loss of a \$2000 diamond ring was made to the San Francisco police last night by Mrs. Minnie Gerovitch, 630 Fourteenth street, who returned home from a dinner party firm in the conviction that the gem had been stolen or misplaced.

Today police activities were called off when Mrs. Gerovitch found the ring in the finger of one her gloves.

ESTRANGED PAIR AGREE TO KEEP OFF 'DEADLINE'

Neither C. A. Johnson nor his wife, Mrs. Alta Dominguez Johnson, will be permitted to cross the imaginary line in the center of the street which separates their homes while their battle for divorce is pending, according to an agreement between them and approved by Judge J. S. Koford today.

Mrs. Johnson, who is related by former marriage to the famous Dominguez family of southern California which once owned most of the land in Los Angeles county, asserted her husband had been annoying her and asked for a restraining order to prevent his visiting her home.

Judge L. R. Weinmann, representing Johnson, said he would consent to a stipulation that neither party cross the line of the street on either side of which they recently established separate homes.

Mrs. Johnson was denied a divorce some months ago after she filed charges of adultery. Johnson is fighting his wife's present suit.

ALAMEDA HAS BIG SUNFLOWER GARDEN GROWN

ALAMEDA, Sept. 24.—Alameda has outdone Kansas. It puts forth claims to a giant garden sunflower which it challenges the nation to duplicate. The blossom is 17 1/2 inches across its face and lifts itself 11 feet. It is perfect in form and color.

M. F. Donaldson has grown the monster flower in his garden in Alameda.

Although he has in his garden a number of other flowers, the specimen of this season excels in size any past record.

Cragmont Rock Buy Held Up by Council

BERKELEY, Sept. 24.—Purchase by the city of Cragmont rock and 11 acres adjoining it for use as a city park was held up at the city council this morning when Councilman Carl Bartlett asked that the final vote on the matter be laid over for a week.

Bartlett told the councilmen that several real estate dealers of the city including H. A. Johnson and Roy Young had told him that the price of \$18,400 was an exorbitant one and that \$10,000 would be a "dear figure."

Bartlett suggested that opinion of other real estate men concerning the purchase be obtained. He expressed himself as willing to pay \$11,500 for the property but no more.

Suspect Arrested When He Gets Mail

After watching the Oakland post office night and day for several days, Captain of Inspector William Kyle and Inspector William Emlich this morning arrested Erich Lofquist, 35, a boiler-maker, who is wanted on a felony charge of kidnapping.

Lofquist has been the object of a nation-wide search for several months but it was only several days ago that Sheriff Madison learned that he was receiving his mail at the general delivery wicket in this city.

Bondsmen Almost Forfeit \$2000 Bail

Bondsmen of James McLean, alias W. B. Lane, charged with passing fictitious checks were within an ace of losing \$2000 this morning when for the third time in three weeks the court failed to put in an appearance when his case was called before Police Judge George E. Samuels.

Judge Samuels was just about to sign an order declaring the bonds forfeited when Attorney Joe Leary dashed into the courtroom and promised to have McLean there on Monday. The court deferred action until Monday.

DISBARMENT LAW HELD UNWIELDLY

SANTA CRUZ, Sept. 24.—The eleventh annual meeting of the California Bar association opened yesterday afternoon in the Hotel St. George.

Mayor Kraetzstein's address of welcome was responded to by Braden W. Lee of Los Angeles, who in his annual address discussed "Some Problems of the House and the Responsibilities and Duties of the Lawyers Concerning Them."

Defeat of the proposed community property law is recommended by a special committee, on the ground that the husband's present rights of testamentary disposition should not be curtailed, and because of injustices and uncertainties unnecessarily created by the act in its present form.

Relative to the disbarment of attorneys it was recommended that an amendment be added to the code of civil procedure to facilitate the disbarment of attorneys.

In reaching its conclusions the committee acted with a similar committee of the San Francisco Bar association.

One amendment suggested by the committee would permit an association of attorneys to present a bar association to be verified upon information and belief. The suspension of an attorney from practice pending appeal from a conviction of misdemeanor is provided for by an amendment.

Memorials to Judge Henry Melvin and Judge Frank Short of Fresno were read.

YOUTHS FOUND IN BOX CAR, JAILED

LIVERMORE, Sept. 24.—Three 16-year-old boys from the Alameda district, San Francisco, John Ryan, John Hazzard and Fred Hazzard, and a man named Harry Eba, a traveling sign painter, were arrested in the Southern Pacific yards here at midnight Wednesday by two railroad policemen, being held overnight in a freight car which was found in the town jail here. The boys are accused of breaking the seal of a freight car, and the man with stealing a ride.

The officers at first suspected all four as car robbers, but found the car contained mostly household goods and that no packages were broken into. All four claimed they simply got into the car to get out of the cold, and had been beating their way on the train.

The Ryan boy, who said he lived with his parents at 1833 Twenty-third street, San Francisco, had a small bottle of opium in his pocket, which he said had been given him to deliver by his employer in San Francisco.

The boys claimed they were on their way to Los Angeles to "huckaroo" on a ranch there. Eba said he was from Winnemucca, Nevada, and that he has a wife there and was

MAHER SINGH, confessed slayer of three countrymen, found guilty of murder last evening.

GUILTY, VERDICT; HINDU TO HANG

MARTINEZ, Sept. 24.—A verdict of murder in the first degree was returned against Maher Singh here yesterday afternoon by a jury of eight men and four women. He will be sentenced next Monday to the death penalty.

The jury was tried for 46 minutes. Singh was being tried for the murder of three countrymen, who were killed in the city jail this morning. He had killed two Mexicans in Mexico about eight or nine years ago when they tried to rob him. He was sentenced to life in prison for this when he appears in court Monday.

Local officers said today that they would make application for the \$500 reward offered by the Hindu societies of San Francisco for the arrest and conviction of Singh.

Singh's conviction is said to be the first conviction for first degree murder in this county since 1874.

Singh eluded the police for nine months after the murders and was chased from Martinez to Portland, Or., thence to Seattle, Wash., thence to Los Angeles and from there to San Francisco, where he was arrested last July, when about to board a steamer for India.

Singh yesterday told the jury a wild story of wandering over the state in a trance for a month after the shooting. He pleaded that "he was insane when he committed the murders."

He said that after the shooting he went to Los Angeles and then wandered about, controlled by some mystic force. A month later, he said, he returned to Martinez and remained there a short time while being sought by authorities, and then went to Sacramento.

Police After Men Who Raid Gardens

CONCORD, Mass., Sept. 24.—The Concord police are studying the farmers of the Nine Acre Corner section in an attempt to run down the thieves who are making raids on corn, potatoes and other vegetables.

It is said that the thieving is done by men from a neighboring town, who load an auto truck each night. While several of the party go to the "steak," the others, who are armed with shotguns, remain in the field. The fishermen watch while the raiders work.

Richmond Footballers in Action Tomorrow

RICHMOND, Sept. 24.—The Richmond High school football squad will meet the squad of the Alameda High school in a football game at the Twenty-third street grounds tomorrow morning at 10:30.

Alameda, which is reported, has a strong team and played a 6 to 6 game with their alumni team Richmond was defeated by their alumni team 5 to 0, and by Santa Rosa last Saturday, 7 to 0.

FINANCIAL

LANE DECLARES NATION ON SOUND ECONOMIC BASIS

Reaching his conclusion on the work of 800 correspondents of a Baltimore bank, who traveled through the country, LANE, who recently left the Wilson cabinet as secretary of the treasury, has analyzed national, industrial, financial and agricultural conditions, discovering a "solidity" that "major political parties have overlooked the great issue in the mind of the public, the issue of living."

"Thinking, he says:

"I think this conclusion might well be justified, but the balance should not be placed upon the product and certainly the farmer has not received his share of the wealth which he has created. The balance of the nation's relations seem to be the main cause. Taxation and industrial relations are a sufficient cause, but the general political thought. Least important appears to be shown in the political policy of the present administration, radical movements, and prohibition.

"It is clear that the country is on a sound economic basis, and there is generally a spirit of confidence in the future, regardless of the outcome of the election. The business outlook appears to be good in every section of the country.

"Touching on other conditions the report reads in part:

"Transportation conditions are improving everywhere and a substantial reduction in the freight charge is reported in every district except in the Southwest.

"A shortage of coal and the failure of labor to increase individual productivity appear to be the only two unfavorable aspects in the immediate future.

"PEEL FUEL SHORTAGE

"The Rocky Mountain and Pacific States are suffering from a shortage of fuel. All other sections of the country are feeling the shortage, but it is particularly felt by the South Atlantic States.

"An important disclosure of the survey is the seriousness of the housing situation.

"The call for buildings comes from the most essential of the necessities of life, and is for low-priced dwellings. There is an immediate need for housing in the Southern and Pacific Coast industrial centers, with special emphasis on the erection of workmen's homes."

Auto Bandits Rob Two Banks in Utah

SALT LAKE CITY, Sept. 24.—Police are searching today for automobile bandits who robbed banks at Morgan and Sugar House, near this city, early this morning. The robberies are believed to have been committed by the same men. At about 4 o'clock nitroglycerine was used to open safety deposit boxes at the First National Bank of Morgan. The robbers escaping in an automobile. The amount obtained has not been determined. Seven hours later three men held peated

up the Sugar Bank at Sugar House, a suburb of Salt Lake City, and carried away \$6000 in a machine.

Peter Kyne's 'Orphan' Disappears Again
SAN FRANCISCO, Sept. 24.—Marcel Duprey, French war orphan, is off the reservation again. Passed up as incorrigible by Peter B. Kyne, the author Marcel went to live with Mrs. Mary Allou. She was taken ill and sent to a hospital. Marcel disappeared. He is believed to have been in the city for some time.

'Gas' Price Battle Begins in Ft. Worth

FORT WORTH, Tex., Sept. 24.—A gasoline price war began here today when two of the big refineries and filling station owners reduced the price of gasoline two cents a gallon, while two competitors refused to meet the cut. Some filling stations today are selling gasoline for 30 cents cash and 31 cents credit, while others have maintained the price at 31 and 32 cents respectively.

LEFT-HANDED, IS DEFENSE MADE IN CASE OF KAZAKA

George Kazaka charged with being a wrecker and a strong arm artist and with attacking James Rumer May 5 during the shipyard strike took the stand in his own defense today in Superior court before Judge James G. Quinn today and denied that he ever struck Rumer or fought with him. Attorney P. J. Carey, who introduced W. F. Collins and Charles Hettlinger as witnesses for the defense, said that in proving that Kazaka is left handed while Rumer was struck by a right-handed man he has established the innocence of Kazaka. Kazaka said that he was returning from the Guichards shop at Twenty-first and Adeline where he had applied for work when he was arrested. He said he witnessed the altercation between Rumer and two other men, but that he was innocently returning from lunch and when he was arrested Kazaka and Attorney Carey declared that Deputy Sheriff Nans was pursuing an old grudge when he arrested Kazaka for the attack. Carey introduced testimony showing that Nans has only made one arrest, that of Kazaka during all the time he was a deputy sheriff employed by the Moore Shipbuilding company. The defense also points out that Kazaka is single while the assailant cursed Rumer for taking the bread from the mouths of his wife and babies. Kazaka at the time of his arrest lived at 64 1/2 Shotwell street. W. F. Collins, the first defense witness called is proprietor of the Western Brass Foundry company, Tehama street, San Francisco. He said he had known Kazaka for ten years and that he had been a hard worker. He said Kazaka was a left handed man. Hettlinger who is assistant foreman of the brass foundry of the Bethlehem Shipbuilding company testified that he had known Kazaka for a year that he was left-handed and that during the war he worked hard and honest eleven hours a day.

British Mine Strike Averted for Week

LONDON, Sept. 24.—The coal miners of Great Britain will not go on strike next Monday as threatened, it developed today. As a result of a meeting between Premier Lloyd George and the miners executive body the coal strike notices previously handed in have been suspended for one week.

Millerand Appoints Leygues As Premier

PARIS, Sept. 24. (By the Associated Press).—Georges Leygues, minister of marine in the Clemenceau cabinet, has accepted a call to the first premiership under President Millerand's administration. It was announced this afternoon. He will likewise act as foreign minister.

Man's Body Found in S. F. Lot; Wrists Cut

SAN FRANCISCO, Sept. 24.—With both wrists slashed and a knife lying nearby, the body of an unidentified man of about 55 years old was found today in a vacant lot on Joy street. The police believe that death was caused by suicide. All marks of identification on the clothing had been removed. The man was roughly clad and had apparently been a laborer. A trail of blood led from the sidewalk to the point in the lot where the corpse was discovered. A woman living in the neighborhood telephoned the police that a man was dying in the lot, but by the time they arrived he was dead. The body is at the morgue.

S. P. DENIES IT. RAN RAILROAD IN DECEMBER, 1918

Declaring that the Southern Pacific was not responsible for damages inflicted by its trains during the regime of the United States Railroad Administration, the railroad company has filed an answer to the \$50,000 damage suit filed by Edith De Shell for the death of George H. Dempsey, a bridge carpenter. According to the complaint, Dempsey was knocked off a trestle and killed December 18, 1918. Edith de Shell filed suit for \$50,000 damages against the Railroad Administration and the Southern Pacific Company. The Southern Pacific, however, denies that it was operating a railroad, tracks, trestle at the time or that Dempsey was employed by them. The railroad company asks that the plaintiff be given nothing.

"Bring Your Lunch," Is Slogan in Chicago

CHICAGO, Sept. 24.—Chicagoans are dragging the old-time lunch buckets down off the pantry shelves, filling them with sandwiches, cake, pie, apples, etc., direct from the family larder, and carrying them to work as a part of a determined campaign that has been launched in an effort to force restaurants to reduce their prices. Russell J. Howell, secretary of the high-cost committee of the city council predicts that the "bring your lunch" movement will force restaurants to lower their prices from 5 to 50 percent.

DE LA HUERTA BETTER
MEXICO CITY, Sept. 24.—Physicians attending Provisional President de la Huerta today have considerably improved yesterday, and after a consultation decide an operation for appendicitis would be unnecessary at the present time.
